### STORE ROBBED, 2 SUSPECTS TAKEN

Arrested in Crestline Before Theft is Reported Here

HABBED BY RAIL DETECTIVE

Goods Recovered, Men Confess—Will be Brought Here

Two men, alleged to have robbed the drug store of T. W. Greenland, Jr. at Main and Heller-sts., Thursday morning, were brought to Lima by Captain M. F. Dawson of the Pennsylvania Railroad detective service, from Crestline shortly before noon. The railroad detective worked fast in capturing the two men before the Lima police department had been notified that the store was robbed. Local police received a call from Dawson at 1:30 a. m., that he had two men who robbed a drug store here during the night. Sergeant Harry Grant and Officer Ed Swamy investigated and found that it was the Greenland store.

After checking up Thursday, Greenland said goods missing total about \$50. Fountain pens, pencils, a few dollars in cash and other odds and ends were taken, he stated. MEN CONFESS, CLAIMED

Police at Crestline declared Thursday the two men confessed to the robbery of the store here. They forced an entrance thru the rear door of the drug store, Greenland said. Dawson notified two men get off of No. 42 east bound train when it pulled into Crestline early Thursday and when they started to get on again as it pulled out of the station, he arrested them. He found goods on them which had apparently come from a drug store. One of the men carried a gun. He questioned them and when they admitted the robbery he called Lima police.

They will probably be arraigned in criminal court here Friday. Their names were not reported to police here by Dawson.

### GIRL GRILLED IN WHITFIELD CASE

Fails to Furnish Clue to His Whereabouts, However

MADISON, Wis.—(United Press)—Marie Price, companion of John L. Whitfield, on his will-o'-the-wisp flight following the kidnaping and murder of Dennis Griffin, Cleveland patrolman, is to be returned to Cleveland.

The trip, on which the girl will be accompanied by an officer of the Madison police force and her mother, Mrs. Arabelle Price, will be made tonight or early tomorrow.

Meanwhile, Henry J. Williams, assistant prosecutor of Cuyahoga county, put Miss Price thru a severe grilling in an attempt to make her tell where Whitfield is most likely to be hiding.

Williams reasons that the fugitive probably foresees the possibility that he would be forced to desert his girl companion and in that event, probably told Marie something of his plans.

Thus far, however, Marie has failed to furnish the original story—that she has no information as to where Whitfield is likely to be hiding.

C. V. Kilhary, special investigator on the case, went to Milwaukee today, following his mysterious trip into the country with Williams early this morning, in Whitfield's abandoned automobile. Williams said Kilhary will enlist the aid of Milwaukee police in the man hunt.

Unconfirmed reports from small towns in widely separated parts of Wisconsin, in what Whitfield has been speeding along highways in a crop touring car, came to police headquarters hourly. It is thought he stole a car after escaping from police who arrested him in the university district here Tuesday night.

### Father's Order Heeded By Son In Killing Eight

LOS ANGELES—(Associated Press)—City and federal officers are checking the story told here by Joe Buckley Lorie, 28, that when he was 13 years old, in April 1908, he killed eight revenue officers in a moonshine fight in the mountains of Kentucky.

Lorie was taken into custody on a charge of beating his railroad boss. At the jail, detectives stated, he told the following story: "My father and my brother Art ran a moonshine still. The revenue agents were always trying to find it. One day back in April, 1908, father and Art left my brother Charlie and me on guard and went away for a while. The last thing father said was 'Joe, if you see any revenue agents shoot on sight and shoot to kill.'"

"Charlie and I hung around the still, keeping close watch and pretty soon we heard shooting—thirty or forty shots on the other side of the hill. We hid in the bushes and in a few minutes we saw the revenue agents coming down the hill. They were carrying two bodies and when they got close to us, we could see they were father and Art.

"We let the agents get past us and then we started shooting. I fired 13 shots all together, and Charlie fired some, and we killed eight of them all together. Then we skinned out."

### VICE RAID LED BY KU KLUX KLAN

Five Women Arrested in "Clean-up" of Steubenville

STEUBENVILLE, Ohio.—(United Press)—The Ku Klux Klan has taken command in administration of law enforcement in Steubenville. Declaring the organization has evidence on open and flagrant violation of state and national prohibition laws, representatives of the Klan raided a number of alleged houses of ill fame as their first act.

Jefferson county Klansmen met here last night in the first convocation in eastern Ohio to take action on vice measures.

The raid on the houses of ill fame netted five women, who were brought before Mayor Frank Hawkins and attorneys for the Klan. They were ordered to leave the community immediately or stand action by the Klan.

Clarence Benadum, Muncie, Ind., national lawyer for the Klan and Associate Counsel, Nathaniel P. Willis, Columbus, together with ten Klan detectives, were in charge of the raid and investigation, it is said. Klan representatives offered to help the mayor in cleaning up the city, claiming it a "modern sordid."

They told the executive they had evidence of 14 houses of ill fame and of 30 blind livers.

Affidavits were signed by the Klansmen against the vice operators. With city police, they raided twenty houses. Fifteen were devoid of occupants at the time. Detectives say the places had been warned of the raid.

Klan attorneys ordered the mayor to prepare today a list of all houses he had informed against such houses. The will ask the prosecutor to enjoin all proprietors.

The spokesman told the mayor the Klan has 2,000 members in this county and they are for the protection of womanhood.

### STILLMAN LOSES

\$7,500 a Month Alimony. Counsel Fees Won by Wife

NEW YORK.—(Associated Press)—The appellate division of the supreme court today awarded the award of \$7,500 a month alimony and \$15,000 counsel fees made Mrs. Anne U. Stillman by Justice Morschauser last February.

James A. Stillman, former New York banker, had appealed that the award was excessive after he had failed in his efforts to win a divorce, naming Fred Beauvais, Indian guide, as correspondent.

### New Home For Trust Co.

STRUCTURE WILL COST \$700,000

May Increase Capital and Surplus to \$500,000

20TH ANNIVERSARY ACTION

Stockholders Adopt Proposals Wednesday Night

Construction of a new bank building by the Lima Trust Co. on the present site at W. Market and the Public-sq. was assured Wednesday night by action of stockholders in expressing a desire for such a building.

Officers of the bank will immediately consider plans for the structure, estimated to cost \$700,000 and will be seven to eight stories in height.

Construction of the new quarters will be the termination of efforts of directors to erect such a structure, contemplated before the war. Plans well under way for a new building were abandoned at that time and plans of a committee formulated immediately after the war were also abandoned because of the high cost-price of materials.

Increasing growth of departments of the company has made new floor space imperative, C. M. Tolan, vice president of the institution, stated Thursday. Assured of the unanimous support of stockholders at the meeting Wednesday evening, officers of the bank will immediately appoint a committee to work out plans for the new home. Work on the structure will probably be started by the first of September, Tolan said.

MAY INCREASE CAPITAL. Coinciding with the expression of desire on the part of stockholders for a new bank building, a unanimous vote was recorded declaring in favor of an increase of capital and surplus, of the institution from \$200,000 to \$500,000.

A plan suggested by L. A. Larsen contemplated the removal of \$100,000 from the undivided profits to the surplus fund. The capital stock, according to Larsen's tentative suggestion, will be increased from \$200,000 to \$300,000.

Larsen, in advocating the increase in capital stock, pointed out to the stockholders the benefits to be derived thru an increase in loaning power of the institution. Under state banking laws an institution is permitted to lend to any one individual or concern no more than 20 percent of its capital and surplus. This basis restricts the amount of loans available for big industries in the city and as a result, limits profits, it is pointed out.

Plans presented by Larsen for increase of capital and surplus were made binding upon officers of the bank, who may evolve the plan which seems best suited to the situation.

A special meeting of stockholders will be called within a short time, Tolan said, to approve such plans as may be devised for the increase.

About 300 stockholders and their wives attended the anniversary dinner meeting given Wednesday evening at the Elks' club by the president, E. R. Curtin who, as toastmaster, gave a brief resume of the inception of the Trust Co., former president of the Lima Trust and Francis P. Dean, representing the bank's advertising firm at Grand Rapids.

A letter from Ralph C. Warner, now in California, congratulating E. R. Curtin on the occasion of the 20th anniversary of the Trust company was read to the stockholders. It was Warner, who, 20 years ago, gave Curtin the idea of establishing such an institution.

Following the dinner and program, guests enjoyed the dance which completed the 20th anniversary celebration of the Trust Co.

Other talks were given by A. F. Mitchell, vice-president of the Northern National bank of Toledo, who injected considerable humor into the program by indulging in local personalities; C. E. Dunan, president of the First National at St. Marys; G. E. Blum, former president of the Lima Trust and Francis P. Dean, representing the bank's advertising firm at Grand Rapids.

### POISON PEN PLOT IS LAID TO WOMAN

NEW YORK.—(Special)—Super-detectives who are expert in a new form of detective art are trying to unravel the Maxwell poison pen mystery.

Handwriting experts, skilled also in tracing the typography of typewriters, are teamed with alienists in trying to find the person who wrote 161 anonymous letters that have kept prominent New Yorkers in a chill of fear for a decade.

George Maxwell, wealthy music publisher, is under indictment and faces trial in July. But the chase has only begun, officials say. "Find a jealous woman," urged friends of Maxwell, declaring that he himself has been the victim of the "poison typewriter."

"Mr. Maxwell spent \$5,000 in 1918 in an unsuccessful attempt to find the guilty letter writer," says Elizabeth Holdrege, his housekeeper. "A woman must have done it."

"No two typewriters are alike," says Loren C. Horton, handwriting expert, who is studying the poison pen letters for District Attorney Joab Banton.

It is almost impossible for two typewriters to be exactly the same except when they are brand new," says Albert Osborn, Jr., whose father has been a handwriting expert for 30 years and who is author of two books on the subject.

So the case continues for the typewriter on which the 151 poison letters were written. Some of the 147 letters first placed in the district attorney's hands were furnished by Allan A. Ryan, the financier, whose wife's name was mentioned by the mysterious writer. Nine women figure in the series of letters, which cover a period of 10 years.

During that time, she taught 2,100 of Evanston's boys and girls. She kept the name and record of each in an ancient volume of the ledger type.

"I have kept my pledge I made myself on my first day in the classroom to give my life to the youngsters of Evanston and forego marriage," Miss Sargent said.

JUROR GROWS MUSTACHE WHILE WAITING ON COURT

CHICAGO.—While waiting for a jury to be completed for the trial of Fred Lundin and 21 co-defendants on school graft charges, one of the eight jurors has grown a mustache. The judge failed to recognize him yesterday when the eight men took their seats in the jury box for the examination of the twelfth venire of 100 men since the trial opened on April 23.

"Are you a member of this jury?" Judge McDonald asked. "Yes, I've grown a mustache since you saw me last," replied the juror.

### LIMA SOLON HITS CHIEF'S PROGRAM

First of Ohio Delegation to Break With the President

HOLDS IT IS INCONSISTENT

In The Court Means in The League, Declared

Opposed to the entry of America into the Permanent International court as proposed by President Warren G. Harding, Congressman John L. Cable declared in a statement here Thursday before leaving for Akron where he will address the East Akron Board of Trade tonight, that the position of the president is inconsistent.

"We cannot go into the world court without going into the League of Nations," Cable said. "The court is a part of the league, it is born of the league, nourished and sustained thru its treasury—thus, how can the American people accept the one, having rejected the other?"

In his address at Akron Cable will outline a brief history of the World Court, founded on Article 14 of the League of Nations; its judges elected by and thru its council and assembly; it is the legal advisor of the league; a subsidiary of the league; every decision given since its existence in 1922 for and at the request of the league, even to the conditions of relieving positions of the personnel of the court filed by the league, the Fourth district congressman declared.

What effect his position may have on his future career, Cable says he has no care. He is unalterably opposed to the president's plan, altho it now appears he stands alone, the only member of the Ohio delegation against it. United States Senator S. D. Fess and F. B. Willis have approved the position taken by the president.

"If we join the court," Cable said, "we cannot repudiate its jurisdiction. We cannot agree to its use and then decline its service. Such a course would reflect upon our honor. Would the United States become entangled in the affairs of Europe? Will participation constitute the 'camel's nose under the tent of the League of Nations?' And if so, where would this entrance lead us?"

Cable believes that our participation in the election of the judges of the court would necessitate the United States having voting representatives in the League of Nations and that, once in, we could not withdraw without honor.

RESERVATION QUERY "Can there be drawn a reservation," Cable asks, "that would protect us by prohibiting the foreign nations from amending the statute?" after pointing out that submitting cases to the court is not compulsory, but without compulsion the question probably involving war would never be submitted.

Compulsory and non-compulsory submission is a "web of entangling alliances spun by the League of Nations to catch the United States" and that "as between compulsory and non-compulsory submission the latter is the lesser of two evils."

With the United States a member and the submission of all international questions made compulsory, that would then be our situation? Cable asks.

Would American people prefer to have our own supreme court of the world court pass on the right of ships of foreign nations to transport intoxicating liquors within the three-mile limit? is another pointed question put by Cable.

In answer to the statement that the United States can participate in the World Court, and keep free of the League of Nations, Cable declares that with America as a member of the court, its moral support would follow each decision, even those for or at the request of the League of Nations, even in the interpretations of treaties not involving this country.

"As our constitution follows the flag, so would our moral support follow the decision of the court if we were a member," he adds. In the matter of collecting loans made to European countries during the war, the Lima man holds to the view that while the United States is now and has been ready to extend aid, membership in the court as a part of the League of Nations would fetter the extending hand of Uncle Sam.

Continuing his argument against the Harding proposal, Cable said: "A treaty was between the United States and Great Britain regarding the Panama canal. We built the canal, spending millions of American money. Great Britain spent nothing. Under that treaty Great Britain claims her merchant ships have the same right to use the canal as American ships. We dispute that right. Shall we favor submitting that question to ten judges from countries who may want the same right as Great Britain in our canal, with but one American judge to oppose them?"

AFFECTS IMMIGRATION He calls attention also to the fact that our immigration treaties and our own laws restricting immigration could be disregarded by the court. As a member of the court we could not well refuse to permit these questions affecting us to come before, Cable declares.

Continuing, he said: "Countless (Continued On Market Page)

## SCHOOL HEAD IS CRITICIZED

State Deputy Fire Marshal Hits Superintendent Collins

### INSPECTION WORK STARTED

Chief Maek Favors Jail Term for Violators of Orders

Superintendent J. E. Collins of Lima's city school system, was censured Thursday by Charles S. Magruder, assistant state fire marshal, after he had made an inspection of school buildings in connection with fire prevention.

"I can not over-estimate the importance of fire prevention practices in the schools," Magruder said. "The superintendent refused to allow our speakers in the high school, and refused to allow principals of grade schools to assemble their pupils. He knew our men could not make speeches in each one of the rooms. I found a similar condition in only one other place in the state and that was a small village."

Superintendent Collins, denied Thursday that speakers had been refused permission to address the students.

"I instructed principals to allow them to talk in all schools, where no examinations were in progress," declared Collins. "I could not let them into the high school because examinations are going on. They cannot be interrupted."

A general inspection of the business district has not been made by Magruder and local firemen, but he said that conditions here are below the average.

**FAVORS JAIL TERM**  
Fire Chief John Maek is working hard and is making all the inspections necessary, he said, but declared he isn't getting the co-operation of the people that he should have. If a few persons are put in jail for their failure to obey orders of the fire chief it will help some, he believes.

"Lima is in danger of getting even a higher insurance rate than she has at the present time," Magruder said. "She is asking for a decrease but with present conditions as they are, will be lucky to keep the same rate."

Fifty inspectors began work by the downtown district Thursday morning. A dozen local firemen who were off duty volunteered to assist in the inspections.

Questionnaires sent to the homes thru the school children returned all day Thursday. With the exception of two schools, questionnaires were distributed and filled out.

A mass meeting of all citizens interested in fire prevention will be held Thursday evening at 8 at the Elk's club.

## RELICS OF RACE ARE PRESERVED

'Dryness' of Main-st Keeps Articles Safe

NEW YORK. — (Special.)—The dryness of a certain Main street back in 923 is responsible to one of the greatest archeological finds of recent years.

His "Main Street" is a series of overlapping bluffs ranging for five miles along the West river in the northwestern part of Arkansas. Under these bluffs a primitive race of Indians built their camp fires and buried their dead.

This race now has vanished. But they have left things of priceless value to explorers—a huff shell, a half pint of a wooden bowl, a flint arrow, a baby's carrying cradle made of cane.

"The dryness of the bluffs is the only reason that these implements made of perishable material, have been preserved to us," explain Donald Cadzow, one of three members of an expedition, now making explorations in the interests of the Museum of the American Indian, New York.

**FIRST HUNTS FOUND**  
"Thousands of flint heads have been found before but never the wooden shafts into which these heads were fitted. Perforated clam shells have been discovered, but explorers were at loss to know for what purpose they were used."

Here are some of the things explorers discovered about the mysterious bluff dweller of 923:

He was of normal size.

He ate corn, squash and beans.

He hunted the buffalo for food and skins.

He kept dogs for pets.

He buried his dead, frequently in the dead men's own yard.

The exploring party now has moved further along the valley to discover the exact territory over which this vanished people ranged.

## Chiros Decide Today Between Jail Or Fines

To jail or to remain outside?

That is the much debated question that two practitioners convicted on charges of not having license to practice medicine, must answer when they face Justice W. H. Guyton at 2 p. m. Thursday.

To remain free they must pay \$25 fines, or quit practice.

The two are Glenn V. John and Glenn L. Tottor. Their cases were to have been decided Tuesday, but were postponed in order to allow them plenty of time to think it all over.

"I can help you as long as you are on the outside looking out," the court observed, "but when you're on the inside looking out, I have no power."

The two practitioners will announce their decision in court Thursday afternoon.

Both have previously served 45 day terms, rather than pay \$25 fines for a similar offense.

## WARM WEATHER NOW PROMISED

Fair tonight and Friday. Little change in temperature. That's the outlook as framed by the weather forecaster. Rather a brief prediction and one that is quite acceptable from most any viewpoint, save that no one is particularly smitten with near-frost conditions at night.

According to the long range, the populace of this territory should not put faith in expectations that there'll be anything of a greatly different character in a weather way before the first of June.

In fact, it is predicted that unreasonable temperature will prevail until May 28, when a warm period for a few days is to enter the scene of action. The warm wave promised will continue until May 31. Temperature in this territory is expected to go to 90 or higher.

Windy conditions now prevailing were accurately forecasted by the long range folks. June 1 to 4 is expected to provide warm rains; good growing weather.

**URGE FARMERS TO ATTEND PARLEY**

Farm Bureau Conference at Van Wert, Friday

Every Allen county farmer who can get away should attend the district farm bureau conference at Van Wert, Friday, H. J. Ridd, county agent urged Thursday. Important discussions of live stock marketing will occupy a portion of the day.

In addition to the marketing parley, open to all members, county agents of the district will present reports of activities. Presidents of county farm bureaus and secretaries of live stock associations will also present reports.

The conference is to be held in the Y. M. C. A. auditorium.

De P. M. Head, of Marion, prominent in the Ohio Farm Bureau federation and member of the board of directors of the Cleveland Producers' Commission Co. was a visitor at the office of the county farm bureau Wednesday.

J. A. Dinsmore, Ashland, Co., has been employed by the Van Wert Live Stock Co. as new manager of the live stock shipping company in that county.

Dinsmore has been active in farm bureau work in Ashland and goes to Van Wert with the endorsement of the state Farm Bureau federation.

**SWEDEN MAY CUT ARMY IN HALF**

Reduction Recommended by Revision Commission

STOCKHOLM. — (Associated Press.)—A reduction of the Swedish army by half, and a considerable reduction of the number of all Swedish vessels except those of the battleship class, has just been recommended to the government by a special commission on the revision of the national defense policy.

The plan proposed by the commission calls for an annual total appropriation of about \$33,000,000 for the army and the navy, as against about twice that amount under the present policy. This reduction is to be effected by abolishing seven regiments of infantry, four regiments of cavalry, and one regiment of artillery, and by requiring a smaller number of companies to make up a regiment. The new army would thus consist of twenty-one regiments of infantry, five of cavalry, nine of artillery and thirteen regiments of engineers, army supply service, etc. Of the recruits called up annually, 15,000 men would serve for a period of 6 to 12 months in the first line of the army, 27,000 men for a period of 2 to 3 months would be in the immediate reserves, and 3,000 men would serve in the navy. Thus, in case of war Sweden, by calling up one class of the army and navy, would bring upwards of half a million men into action.

The navy, under the new policy, would consist of 14 battleships, 1 armored cruiser, 5 mine layers, 7 gun boats, 10 destroyers, 27 torpedo boats, and 21 smaller craft. The annual appropriation for the navy is cut from 70,000,000 kronor or about 40,000,000, or about \$10,000,000.

**KILLED IN BLAST**

One Dies When Gasoline Tank Explodes in Oklahoma

BIRMINGHAM, Ala. — (Associated Press.)—One man killed and Norwood, a fashionable suburb, was threatened early today when an 80,000 gallon tank of gasoline exploded in the center of 11 other tanks containing 2,000,000 gallons of gasoline and crude oil at the plant of the Wofford Oil Company.

The blast rocked Birmingham and thousands of persons hurried to the first aid when they realized their danger.

Working in terrific heat firemen played streams of water on the tanks about that which exploded and saved the situation. They placed the loss at approximately \$40,000.

**CAPTURES RUN RUNNERS**

HIGHLAND, N. J. — The coast guard cutter Seminole, which has been patrolling the row off Jersey's three mile limit, today captured three run runners. She was seen from shore putting into port with her prizes which apparently heavily loaded.

## PRESIDENT SEES MENACE TO U.S.

Appeals to People to Have Respect for Law

### CONSTITUTION IS VIOLATED

Justice by Courts Endangered, Harding Declares

WASHINGTON. — (United Press.)—In an appeal for better citizenship, President Harding called upon the American people today as individuals to have respect for law in the interest of carrying out the ideal of the preamble to the constitution, which set as one aspiration of the republic the establishment of justice.

"The elaborate machinery of the courts cannot insure justice, the president said, 'if some individuals shall strive for special privileges for themselves, or seek to establish subtle forms of injustice not specifically prohibited by the letter of the law.'"

Mr. Harding's appeal for a more law-abiding nation was delivered in a speech at the convention of the National American Council, a good citizenship organization, which is soon to begin a new "citizenship program" of national scope.

**SOLIDARITY MISSING**  
The president said that the country needs "to find a commanding and dominating national interest" to restore the solidarity that existed during the war and which he asserted, has been noticeably missing since then.

In the preamble of the constitution, he said, "the fathers of the republic set forth the objective of this great democracy. There is the chart of our course. There is the inspiration to every effort to make one and all of us better citizens."

"There is need to cultivate in every citizen a sense of responsibility, of personal concern for the operation of the mechanism of (state and national law)." The national ideal stated in the preamble will be attained by using a nation in no greater degree than we shall attain it as an aggregate of individuals.

"Consider one phrase in the preamble, 'to establish justice.' In our mechanism of government, we have set up an elaborate organization to insure this: the federal and state judicial systems. But the courts cannot insure justice to all the community if some individuals shall strive for special privileges for themselves or seek to establish subtle forms of injustice not specifically prohibited by the letter of law. The task of the courts will be slow, difficult, sometimes impossible, unless citizens subject to their jurisdiction are sincerely desirous to do justice and to see it done in the affairs of day by day life."

**DEMOCRACY ON TRIAL**  
The president said that it was a common statement that democracy is on trial.

"I have some misgivings," he said, "about whether democracy is on trial, but I am very sure that in these times it is experiencing a good many trials. Further we will be quite safe in admitting that many of the institutions which have been set up in the hope that thru them the best aims of democracy might be realized, are on trial. We will make no mistake if we confess that the attitude and conduct of many people who profess devotion to democratic institutions are on trial."

**SIX DIE IN WRECK**

Four Injured When Trains Collide in Texas

ABILENE, TEXAS. — (Associated Press.)—At least six persons were killed, including a negro porter and two children, and four injured, when the "blind" passenger train engine, number 11, collided with a passenger train early this morning midway between Cisco and Putnam, Texas.

**CABINET FORMED**

British Government Organization Completed by Baldwin

LONDON. — (United Press.)—Premier Stanley Baldwin completed his cabinet it was authoritatively stated this afternoon. The names will be announced tomorrow.

**MORE OIL MEN ARE INDICTED BY GRAND JURY**

MILWAUKEE, WIS. — Edwin C. Kinsbury, Charles H. Kreigh and Isaac Howard, Fort Worth, Tex., oil men already indicted in Texas, and others have been indicted here by a grand jury on charges of using the mails to defraud.

The true bills, similar to those in Texas also charge conspiracy in alleged use of the mails, authorities said. Those named are declared to have promoted the Consolidated Products and Refining Company in Milwaukee and Fort Worth.

**BIRTH ANNOUNCED**

C. L. Conrad, Lima scout executive, received word Thursday of the arrival of a daughter in his home.

Mrs. Conrad and daughter who are at Altoon, Ill., are reported to be doing nicely.

**HE LOVES TO WORK**

LONDON. — Employers of Robert Joseph, 91, brewery worker at Burton-on-Trent, have won a 30-year battle to compel him to retire in favor of a younger man. Up until recently he refused to quit. Nothing but work, he said, could satisfy him.

## Faurot Park Bear Cub Will Be Trained To Entertain Kiddies

Education of Thor to be Undertaken by Fred Loescher

### ADDITION TO MONKEY FAMILY

Coyote Pup Arrives as Addition to Noisy Contingent

Thor, the youthful bear at Faurot park, is soon to receive his education. At present he is getting preliminary training in the bearish art of self defense. Wrestling exercises are given at frequent intervals during the day by Queen, the mother, and Ted, the black bear.

Within a few days, Thor, who weighs 15 pounds and hasn't a care in the world, will be removed from the bear den and taken under the personal tutelage of Fred Loescher, park superintendent.

He will be placed on a diet of bread and milk and taught to do those things which an educated bear does. For instance he will be taught to sit on his haunches and look wise, and to walk erect on his hind feet.

**GET NEW MUNK**  
Faurot park received an addition some time ago in the form of Jerry, the monkey. Jerry was presented to the park by the East Fire house. He is small, black, bald-headed and self satisfied.

During his residence at the Fire house he became accustomed to a diet of pork chops and bananas and it was a severe blow to his dignity to descend to the slightly less elegant food of Jocko and Sis, other park monkeys.

For two days he spurned the park menu but succumbed to hunger at last and now eats corn contemptuously, but greedily. Sis and Jocko, park attendants admit, eat anything. They display more consideration than humans, however. Instead of sticking the gum under their chair, they swallow it.

The stork visited the coyote family about three weeks ago and left a young pup.

**AN ALLIGATOR, TOO**  
Seven ducks and a two year old alligator seem to get along nicely in the pool. The alligator is about eight inches long. Alligators grow very slowly, Loescher said. Several years ago the park owned an alligator six feet long. It was 40 years old.

Bill, the big elk, is still acquiring his prongs on his antlers. At present he has four points and his antlers are growing at the rate of an inch per day, Loescher said. He will probably have seven or eight points before he finishes a regular hat rack.

Probably the noisiest inhabitants of the park are the six coyotes, Loescher says. They set up verbal complaint on the slightest, or no provocation.

## PETITION IS FILED

Jolley & Chenoweth Go Into Voluntary Bankruptcy

A petition in bankruptcy filed in Federal court Wednesday by Jolley & Chenoweth, men's outfitters, 204 W. Market-st., may not be adjudicated if creditors of the concern decide to accept a 25 per cent offer made by counsel for the firm Thursday.

The petition, signed by James L. Jolley and A. Stanley Chenoweth, owners, sets forth the liabilities of the concern as \$35,636 24. Assets, including bills, receivable, total \$29,025. The principal asset is a \$20,000 stock of clothing and men's furnishings, it is stated.

Frank A. Hume, 127 S. Elizabeth-st., named receiver by the court, will assume charge of the store. Bond was given in the sum of \$2,000. The receiver is an uncle of F. H. Hume, city clerk.

An order signed by Judge Kilgus, of Toledo, directed H. D. Grinde, referee in bankruptcy, to require owners of the concern were ordered to come into court on June 7 to submit under oath the amount of their assets and terms to creditors. The obligations are largely owing to men's wear manufacturers, it is said.

If creditors accept terms of 25 cents on the dollar held out by the store owners, the petition will probably be dismissed, it is declared.

**BUCYRUS CASES HEARD**

ON ERROR IN COURT HERE

Members of the Bucyrus bar previously moved en masse to Lima Wednesday and Thursday to argue cases on error in court of appeals.

The court heard 14 cases Wednesday and almost an equal number Thursday. This action is in the keeping with the policy of the court to bring the hearings here from about the district rather than be constantly traveling from one county to another.

**TWO HELD TO GRAND JURY ON CONCEALMENT CHARGES**

Chan Hulbert, 29, of 743 S. Main-st., and Louis Silverman, 38, of 540 W. McKibben-st. were bound over to the grand jury Thursday when they both pleaded not guilty to charges of concealing fires alleged to have been stolen from the Pennsylvania Railroad Co.

Hulbert's bond was set at \$500 and Silverman's at \$1,000.

Flord Riddle, 19, of 154 S. Pine-st., and Bill Otto, 36, of 214 N. Park-st., are also being held by police in connection with the theft.

**BANNS ARE RECORDED**

Banns for the marriage of E. L. Staup and Mary A. Welsberger, Delphos, at St. Johns church, were recorded in probate court Thursday.

**PAIR FINED \$25 EACH**

A black touring car with license 364-198, owned by M. D. Sanderford, 1227 Hughes-av., was reported stolen from the 200 block on E. North-st., late Wednesday.

## FIERY CROSS, GUARDED BY WHITE ROBED PERSONS, IS BURNED NEAR ELIDA-RD

### RENEWED OPERATIONS OF THE KU KLUX KLAN, OR SOME OTHER MYSTERIOUS ORGANIZATION OF SIMILAR CHARACTER, CAME TO ATTENTION OF AUTHORITIES

Wednesday night, when a secret session of the ghostly order was discovered in progress along Elida-rd, two miles west of Lima.

A fiery cross, said to be the emblem of the order, lighted the countryside. Torches stuck into the ground in a wide circle, threw a weird glare over the field in which the meeting was held.

White robed figures armed with flashlights guarded the entrance to the field. Location of the meeting place was discovered by Sheriff Harvey B. Crosson, as he was driving toward Lima from Elida.

He stopped to watch the proceedings from the roadside, but observed no lawless acts, he said. Several hundred farmers in machines lined the roadside to witness the strange ceremonies.

A speaker whose voice was inaudible from the road, exhorted a group of persons gathered about a platform.

## LEGION MEN HEAR STORY OF WAR

Fighting in Palestine—Movies of Somme Sector

How water from the river Nile was pumped 150 miles thru pipes, to slake the thirst of horses and camels of the British army fighting the Turks and Germans in Palestine, was one of the many interesting incidents related by Colonel Edward Davis, speaking before an audience of 300 at the Orpheum theater Wednesday night.

Colonel Davis, United States military observer in the Near East, paid tribute to the fighting qualities of the Turk. Half starved and half clad, he clung to his position and made the British pay dearly for the ground gained.

Both armies lived entirely in the open, Colonel Davis said, as it was not the policy of the British to quarter their forces in the scattered towns and villages, largely peopled by Arabs, Turks and Jewish colonists.

As a windup to his lecture, Colonel Davis showed what former service men declared to be the most realistic reel of war film ever seen in Lima.

The pictures were taken in the Somme sector by a German camera man and is said to be the only film in America showing enemy troops in action. Troops can be seen dodging their way thru a barrage on a wide front. Shells are falling in their midst, wiping out large numbers. The reel closes with the action a considerable distance away, in front of Allied trenches.

Wednesday was the first time the reel has been shown in a theater. Previously Colonel Davis has used it in lecturing before the war college and at West Point and at private showings.

Appearance of Colonel Davis in Lima was under auspices of the American Legion.

## MAN HELD TO GRAND JURY ON CHARGE OF POSSESSION

B. F. Lyons, 38, of 131 S. Jackson-st., was bound over to the grand jury under bond of \$1,000 when he pleaded not guilty in criminal court Thursday to charge of illegal possession of liquor.

Isabel Longfellow, 47, of 151 S. Jackson-st., arrested with Lyons, made no plea. Her case was held open.

## EXTEND RESERVATIONS FOR DINNER MEETING

Reservations for the monthly meeting of the Lima Realtors association to be held at the Elk club, Friday at 6:30 p. m., when United States Senator S. D. Fess will speak, will be open until Friday morning, W. R. Mummaugh, president of the association said Thursday.

Several other meetings are scheduled for Friday night and many Lima business men are finding it difficult to arrange to meet all appointments, he said. About 125 reservations have been made and a delegation from Findlay has asked for places.

Senator Fess will talk on the present industrial conditions and the future trend of business, it is understood. He is making a tour of the central states, having spoken at Fort Wayne, Ind., Wednesday night.

## LIMA MEN ATTEND RETAIL SECRETARIES' CONVENTION

R. E. Ashler, assistant manager of the Board of Commerce, left Thursday for Mt. Vernon to attend a convention of the Ohio State Retail Secretaries' association, to be held Friday and Saturday.

Clifford Burns, formerly of the Chamber of Commerce, will join Ashler at Bellefontaine. J. E. Norton will leave Friday to be present at the convention.

## F. E. CUTHBERT ELECTED TO B. OF C. DIRECTORATE

F. E. Cuthbert was elected to the directorate of the Board of Commerce to fill the vacancy created by the death of W. L. Russell, at a meeting Thursday at the George Eckert cottage at Sasafass Point.

Members of the committee and the board of directors held an outing, with a fish and steak fry in the evening.

## TOURING CAR STOLEN

A black touring car with license 364-198, owned by M. D. Sanderford, 1227 Hughes-av., was reported stolen from the 200 block on E. North-st., late Wednesday.

## SHIPS MAY BRING LIQUOR TO PORT

Way Found to Reconcile Ruling on Foreign Vessels

### ALLOWED IN DOCTOR'S CARE

Would Come Under Head of Medicinal Rum

WASHINGTON. — (Associated Press.)—Indications were given at the treasury today that Secretary Mellon had found a way for reconciling the supreme court's recent prohibition decision with foreign laws requiring ships of their nationals to carry liquor as crew rations.

The belief was expressed that the regulations necessary to carry out the high court decision barring liquor within the territorial waters of the United States would be actually promulgated within a few days.

Officials refused to disclose the course which the treasury appeared to have adopted in dealing with the situation developed by the court's ruling.

The belief gained ground that the regulations would provide flatly for the barring of all crew rations as such at the three mile limit, but that the ships would be permitted to place such liquor as was required by their home laws under the jurisdiction of the ship doctors as for medicinal purposes.

**NO LIMIT FIXED**  
Thus far there has been no limitation fixed as to the amount ships may carry for medicinal purposes. Secretary Mellon declined to discuss the new regulations, but it was confirmed elsewhere that government lawyers had been studying the medicinal sections of the Volstead act in their search for a means of eliminating probable international conflict.

The secretary probably will talk over the whole question with President Harding and Secretary Hughes before the regulations are made public. He was said today to regard such a conference as necessary in order that the state department may be in a position to deal with any protests which may be made by foreign governments.

## GAMBLING ORDER NOT RECEIVED

Lima and Allen-co Officials Await Governor's Crusade Edict

Allen-co officials will take no immediate action regarding the anti-gambling proclamation issued by Governor A. Vic Donahue, until they receive official copies of the mandate, they announced Thursday.

"I do not know anything about such an order save what I read in the papers," declared Prosecuting Attorney Lippincott. "There will be plenty of time for action later."

Sheriff Harvey B. Crosson, chief law officer of the county, had not heard of the governor's proclamation. He was of the opinion the order might not be altogether popular in some quarters, but stated that it was his duty to carry out all official orders he receives from the governor.

Manager C. A. Bingham, also had not heard of Donahue's action. Bingham stated that sale of base ball pools had been suppressed by police in Lima some weeks ago, but was under the impression that some places might be selling again.

Police Chief T. A. Lanker said he would make no statement until he had received the order.

## KELLY POOL BLAMED FOR KRICK MARITAL DISCORD

Kelly pool ruined the domestic bliss of Mildred Krick, she asserts in a divorce action filed in common pleas court Thursday, naming Paul Krick, 1052 S. Central-av., defendant.

Kelly pool, the plaintiff asserts, is a game of chance, and her husband's wages, when he worked, and her pay when he didn't, were squandered in the pastime.

They were married in Lima two years ago. The wife asks to be restored to her maiden name, Mildred Dumm.

## CITY IS CAPTURED BY STRIKERS

Defense Force Driven Out of Gelsenkirchen, Germany

DEFEATED IN FIERCE BATTLE

Casualties Heavy as Result of Street Fighting

BERLIN — (Associated Press) — Striking workmen, said to be Communists, are holding Gelsenkirchen where bitter fighting occurred yesterday with heavy casualties to the forces of both the police and strikers, according to information reaching here today.

ESSEN — (Associated Press) — The Communists have taken possession of police headquarters at Gelsenkirchen and have hoisted the red flag over the building. The Gelsenkirchen civilian defense force and the fire brigade are said to have been driven from the city last night and there is no force available for police duty.

The advisers say it is impossible to give a correct estimate of the number of casualties. The Communists took possession of police headquarters, smashed everything in the building and then fired it. The commanders of the mob had evidently marshalled their forces in preparation for an onslaught, as the whole action was carried out on military lines under the orders of the leaders.

NON-RESIDENTS WOUNDED

The citizens of Gelsenkirchen are awaiting further developments with anxiety and terror.

Reports from German sources say that five persons were killed and 61 wounded in the fighting for the possession of the building. The struggle began late last night and continued until early this morning.

The building is said to have been defended by the civilian defense organization which was finally forced to quit when one wing was set on fire by the attacking mob. The fighting was not restricted to the building but spread thru the streets and many street cars were shattered. A number of non-residents were wounded.

FRENCH KEEP HANDS OFF

BERLIN — (United Press) — Nationalist secret organizations are considering sending fighting forces into the Ruhr to suppress the Communists.

These organizations, which are monarchistic, consider that Communist marauding affords them an opportunity to try out their well trained armed groups.

In the rioting at Gelsenkirchen, where mobs swept thru the city, stand at six dead and 69 wounded. During the fighting between police and rioters, the French stood by and did not attempt interference. The Communists captured the main railway station and police headquarters, burning the latter with its records.

# PLOT CHARGED TO LUDENDORFF

Accused of Conspiring to Over-throw German Government

WORKING CLASS ALARMED

Ban on the General's Activities is Demanded

BERLIN. — (United Press.) — The German worker threatens to take the case of General Ludendorff and his white guard reactionaries into his own hands—if the government doesn't do it for him.

"If the government does not immediately bring to an end the harmful activities of General Ludendorff and his followers, then the German workers must do it themselves—and they cannot wait much longer," Vorwarts Socialist organ asserts in a bitter article attacking Ludendorff and his "White Guard" reactionary clique.

Vorwarts charges Ludendorff with working for the overthrow of the Republic in Germany and establishment of a pan-German dictatorship with himself at its head.

"The attitude of the government toward Ludendorff and his clique is one of the characteristic accomplishments of this glorious republic," the paper sarcastically declares. "Ludendorff, who led the German people from one blood-bath to another for four long years, who cheated and belied his people with tales of victory, today is permitted to run about Germany openly and freely, is permitted to carry on the most counter-revolutionary activities without hindrance, preparing a civil war without a single murmur from the government or a single one from the state courts."

Ludendorff is permitted to tick his bloody fingers—undisturbed—into all political murder, undertakings as the various processes before the state courts and before the federal court have proved. He is permitted—as evidenced by the events in Ansbach, Bavaria—to hold parades, openly, with the reactionary White Guard bandits.

How long will the government and the people witness these "unheard-of activities" the paper asks declaring the government still has time to beat the workers to the task of showing Ludendorff his place in the scheme of things.

"If the government doesn't interfere, then it bears the responsibility for what may occur," the paper says.

Vorwarts says Ludendorff lives unmolested on the Heights of Ludwig, in Munich, where, it charges, he has installed the organization bureau of the White Guards.

The paper reveals that on March 27, Grollmann acting for Ludendorff, held a secret conference with Hitler, nominal head of the reactionary movement, which lasted hours. On April 4, a conference was held by Grollmann, a representative of the National Socialists (pangermans), Registrar Ding of the district police, now suppressed, and a representative of the organization "Bavaria and the Reich."

This meeting, the paper alleges, was in one of the leading hotels of Munich where the forbidden Bavarian Citizen Guard has rented an entire floor under the false title of "Bavarian Land Bureau."

"Ludendorff," Vorwarts declares, "is closely associated not only with the national socialists but also with the forbidden Citizen Police."

"The sager of the workers over these shameless activities of the dangerous White Guard bandits grows from day to day," Vorwarts warns.

Declaring the responsibility of the government is to bring to an end the harmful activities of General Ludendorff and his followers the paper says that if it does not do this, then the "German workers must do it themselves—and they cannot wait much longer."

Little Talks on  
**GOITRE**  
by SANO-BARK L.C.  
COLUMBUS, OHIO

Why rear children, and start them out in the world with a handicap? Life is a struggle for existence, and to be successful in either the Arts, Sciences, or in Commerce, requires a sound mind in a sound body. A boy or girl who starts out in life in a state of Goitre, is handicapped. They will never be able, while in this condition to develop their maximum efficiency either mentally or physically. Let us emphasize the fact, that the early stage of Goitre is a condition in which the Endocrine Glands are out of adjustment. It is not a chronic disease at this period but will become so if neglected.

Therefore, it is the sacred duty of the parent to see that this condition is corrected. In youth the Glands respond promptly to treatment, but in after life, they begin to atrophy, the tissue undergoes a change, which makes successful treatment very difficult. The time to get rid of this disease is in youth, and every day it is neglected, makes it just that much more difficult to correct.

Order the SANO-BARK treatment from your druggist TODAY. If he cannot and will not supply you, write to SANO-BARK Laboratories, Columbus, Ohio. **DON'T PUT IT OFF.**

# LIKE DIFFERENT MAN, HE SAYS

He Relates How the Plant Juice Medicine Restored Him to Health

CAN'T PRAISE IT ENOUGH

"I can't praise your Plant Juice medicine enough for it has made a different man out of me and I gladly recommend it," said Mr. A. J. Franks, of North Baltimore, Ohio, while talking with The Plant Juice Man recently.

MR. A. J. FRANKS

"I suffered an attack of the 'flu' and never got over it right," Mr. Franks continued. "I suffered with my back and my eyes would swell up and the water would run down my cheeks. I could hardly eat anything at all because of the misery afterward and sometimes after eating I would blot so that I could hardly stand it. I couldn't rest right at night."

"I am glad to say that since I have taken your Plant Juice I can eat anything without the bloating or gas. I feel strong again and can do a good day's work now. I am 73 years old, but since taking Plant Juice I have been able to get out and spray a hundred trees a day. I will say that your Plant Juice has made a different man out of me and I can not praise it enough."

Plant Juice is a natural medicine, made from roots, herbs and leaves, and many people say it seems to act like magic on the system. In just the past year, Plant Juice has given relief in several thousand cases of poor health in this section of Ohio alone.

The Plant Juice Man is at Hunter's drug store, 49 Public Square, Lima, where he is daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

Plant Juice is sold also in Lima at Hunter's drug store at Main and Wayne streets, and at the Argonne drug store, opposite postoffice.—Adv.

## Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Many soaps and prepared shampoos contain too much free alkali. This dries the scalp, makes the hair brittle and is very harmful. Multisified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this cannot possibly injure the hair.

Simply moisten your hair with water and rub it in. Two or three teaspoonfuls of Multisified will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, and easy to manage.

You can get Multisified coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will last everyone in the family for months. Be sure and ask for "Multisified."—Adv.

## GRADUATION DAY AT OTTAWA

Twenty-one Students Complete Course in High School

Thursday is graduation day in Ottawa. Appropriate exercises in the afternoon and evening mark the completion of school work for 21 students.

Featuring the afternoon program is the class play, "Borrowed Money," staged by 15 youthful Thespians. It is an interesting story of the lure of opportunities in the big city and the resultant temptations.

Dr. Charles S. Meek, superintendent of Toledo schools, will address the graduating class in the evening. The complete program follows:

Afternoon—Welcome, Lucille Yacklin; class history, Albert Dierker; class motto, Mary Bentley; oration, Helen Schurman; music, class choir; class prophecy, Blanche Blossom; class poem, Sylvia Fackler; class legacy, Maxine Connelley; class play.

Evening—Music, high school choruses; invocation, Rev. Vigilius H. Knoll; salutatory, Mildred Stauffer; piano solo, Mary Rauh; valedictory, Francis Heringhaus; class address, superintendent Charles S. Meek; class song of "23"; presentation of diplomas and benediction, Rev. P. Ross Parish.

Cast of the class play is composed of Harry Recker, Marcella Kappel, Nina Fortney, Mary Quinn, Selma Fackler, Blanche Blossom, Maxine Connelley, Norval Radabaugh, Harold Wolfe, Amos Hoffman, Mary Kneitel, Mildred Shondel, Albert Deemer, Beatrice Sears and Mary Trick.

## LEIPSIC ATTORNEY SUES FOR FEES CLAIMED DUE

A. A. Slaybaugh, Leipsic attorney, filed suit in common pleas court at Ottawa late Wednesday against Rosa D. Young and Cora M. Hickey for recovery of fees which he alleges are due him for representing them in probate court, the circuit court of Monroe, Michigan, and supreme court of Michigan. By his attorneys he obtained \$5,000. He says he has been made on a fee of \$600 which he says is due him for services from January 1, 1919 to April 15, 1922.

## CONTRACTOR STARTS WORK ON OTTAWA STREET PAVING

Stakes were set Wednesday by Fred Laubenthal for construction of curbing in the E. Fourth-st paving improvement. Laubenthal was given a sub-contract by the Allen-co Paving Co. for this work.

Ottawa officials declared Thursday the contract with the paving concern, signature on which was withheld pending the submitting of material samples, has gone into effect. The street will be paved with bituminous brick and the work is expected to be completed by October.

## THREE BURNED IN HOME BLAZE ARE RECOVERING

Three members of a family at Tawnead, severely burned when their home was destroyed by fire Monday are rapidly recovering. Joseph Krencek and daughters, Josephine, 7 and Anna, 5, were burned about the face, hands and legs. Krencek's wife, mother and another child escaped from the structure without injury.

The family rented a house in Tawnead and will reside there temporarily.

## SIX ARE GRADUATED FROM SCHOOL AT FT. JENNINGS

H. R. Hick, superintendent of Delphos schools, delivered the class address at commencement exercises for Jennings consolidated schools Wednesday evening at Ft. Jennings. Six students graduated. They are Ruth Raabe, Bessie Meier, Leon Nels, Louise Kramer, Edna Ricker and Elmer Schurman.

## PROGRAM COMPLETED FOR RIMER SCHOOL REUNION

Field sports, including a tug-of-war and races for old and young and lean and fat will feature the eighteenth annual Rimer school reunion at Vaughnsville, June 2. The program is as follows:

11 a. m.—Song, led by Glendine Jamison; invocation, Rev. R. W. Page; welcome address, Ray Myers; response, W. F. Conoway; piano solo, Clara Dunlap; reading, L. H. Rimer.

1:30 p. m.—Song, led by Glendine Jamison; reading, Marguerite Thomas; solo, William Thomas; short talks, teachers and pupils; miscellaneous business; solo, Mae Seltz; address, J. H. Young, Continental; quartette, fourth grade boys.

A basket dinner will be spread at noon. There will be a ball game in the afternoon and an ice cream social in the evening.

## ESCAPED PRISONER IN MICHIGAN, NOW BELIEVED

Sheriff R. N. McCullough is of the belief that Joseph Talbott, Hollander residing near Rockford, who escaped from custody of Deputy U. S. Marshal Elmer Flick as he was being taken to Toledo two weeks ago to face a liquor charge, has gone to Michigan.

After arrest, McCullough said, Talbott declared he had made preparations to leave for Michigan. Federal officers are on the lookout for him there.

Talbott leaped from a Lima-Toledo traction car near Columbus Grove, eluding Flick.

## STOCKMEN INTERESTED IN CATTLE TESTS IN PUTNAM

That stock raisers and dairymen in Putnam-co. are taking an active interest in state and federal tests for tuberculosis in cattle is evidenced by the large number of tests being made.

During the last 30 days Dr. C. H. Hoffman, Continental veterinarian, has tested 330 head. Out of this lot only 45 were found to be tubercular. Cattle which reacts to tests are slaughtered in Lima and Cleveland under governmental supervision.

Farmers have the work done voluntarily and receive no compensation for the tubercular animals, owing to the fact that the state appropriation for the purpose has been exhausted. It is stated.

## YOUNG PEOPLE'S DAY AT VAUGHNSVILLE ARRANGED

Vaughnsville Union church will observe Young People's Day Sunday. Young people will have full charge of the Sunday school as well as church services.

Clarence Foulkes will teach the men's adult Bible class, 56 in number. The women's Bible classes will be instructed by Richard Lemly. De Witt Huffman and Superintendent Shanklin. Willard Thomas will preside.

## LEGION MEMBERS URGED TO ATTEND UNION SERVICE

Letters have been sent to all American Legion members in the district by J. M. Patterson, secretary of Leo J. Kerner Post, Ottawa, asking that they attend the union memorial services Sunday at the Methodist church.

The services, to be held in conjunction with diamond anniversary services, will be featured by an address by Bishop William F. Anderson, Cincinnati. Services will begin at 7:30 p. m. Civil war veterans will attend.

## TENNIS MEETING

A meeting of tennis enthusiasts at Glandorf has been called for 6 p. m. Thursday on the courts at that place and at 7:30 p. m. at the town hall. Rev. Meyer, assistant pastor of the Catholic church there, is sponsoring the organization. Plans for the season will be made and officers elected.

## PARTIAL DIRECTORATE FOR LIMA-DEFIANCE LINE CHOSEN AT MEETING HERE

Stockholders of the Lima-Defiance Railway held their initial meeting at the Wheatley Co. offices Thursday and elected a partial board of directors.

George Darby was chosen president of the rejuvenated traction line and C. G. Taylor vice president and general manager. D. A. Glover is the secretary.

Other officers and permanent directors will be chosen at a second meeting to be held soon. The line has been under new management since Monday.

Gasoline cars will be placed in operation, C. G. Taylor stated, not later than August 1. The company will break ground soon for the construction of track into the business district of Defiance.

## COURT REFUSES TO DECLARE HOUSE OF DAVID BANKRUPT

ST. JOSEPH, Mich.—Efforts to have the House of David declared bankrupt by the Eastern circuit court, failed today when Judge Charles E. White refused to hear a petition asking that receivers be appointed.

Jerome Robbins, Chicago attorney, representing five former members of the cult and "more than 200 seceding members," presented the petition.

Judge White ruled that under the Michigan law it is necessary to institute suit and hold a hearing on a bankruptcy petition and cut Attorney Robbins off sharply when the lawyer attempted to argue the point.

## WILL BOOST CAR FAIR

YOUNGSTOWN.—The rate of fare on the city controlled street car system here, recently reduced from nine cents to seven will be raised to eight Sunday night, the street car commissioner announced today. The municipal stabilizing fund has a deficit of about a million dollars.

## MAYOR ASKED TO RUN AGAIN

Ottawa Citizens Make Overtures to City Executive

A boom is on in Ottawa to have Mayor W. A. Beutler declare himself at the August primary election as a candidate for a third term. Those behind the movement point to Beutler's general ability and his varied activities in bolstering the city's finances.

He declared Thursday he had been approached on the subject, but is reluctant to consent because of the fact that it would be establishing a precedent that generally has been frowned on heretofore.

However, Beutler has been told that his record will more than offset this disadvantage. A decision in the matter is expected to be made by him soon. It is not anticipated that anybody will file declaration of candidacy for any of the city offices until a few days before the time expires for filing on June 15, it is stated.

For his first term the mayor was elected by a comfortable majority over his Republican opponent, S. O. Kern, present postmaster, and was chosen the second time over Charles Miller by a minority of near 500 votes, the increase in margin being evidence of the increasing faith Ottawa voters have in him. Beutler's friends declare.

During his double term of office Beutler has among other things secured over \$25,000 in state and county aid for improvement of important highway approaches to the city, and should the proposed Defiance-rd project go thru this total will be boosted to \$37,000. It is also recognized that he was the big factor in creating the present adequate sinking fund, citizens say.

## BUDGET REPORTS MAY BE DELAYED FOR MONTH

Budget reports are expected to be delayed more than a month thru operation of the uniform taxing law, A. B. Bruskotter, Putnam-co auditor, declared Thursday.

He received a letter from C. A. Horn, chairman of the state tax commission, stating that unless the law is submitted to a referendum or a decision made recently by the attorney general is reversed, new forms must be used.

Forms should have been submitted to local budget commissions May 1, but none have been received, Bruskotter said. They should be in the hands of the county auditor by June 1.

## MOVEMENT BACK OF LAFOLLETTE

Progressives to Abandon Nonpolitical Program

WASHINGTON —(United Press)—The so-called non-political progressive move, headed by Senator LaFollette is about to become, definitely a political move.

The meeting of progressives in Chicago tomorrow to consider the railroad problem will put the progressive group into the thick of national politics.

From now on, whatever the progressive group does would be linked with LaFollette's presidential boom. Instead of being a non-partisan progressive movement, engineered by men of both major parties, will become a LaFollette movement and probably a third party.

There are two reasons for this: One is that LaFollette will dominate the railroad conference and all succeeding conferences on taxation, immigration, foreign relations and other issues.

The other is that the questions to be considered by the progressives are all certain to be political issues in 1924.

LaFollette's group, when it takes any position at all, will differ with both the Republicans and the Democrats.

Obviously, therefore, the only way the LaFollette ideas can be made effective in legislation or government policy is thru the election of LaFollette candidates. (Copyright, 1923)

## BIG SUM FROM WATER AND STREET DEPARTMENTS IS PLACED IN SINKING FUND

Deposit of \$28,578.63 was made to the account of the city sinking fund, Thursday by City Auditor C. H. Churchill.

The sum represents earnings of the water works department of \$10,000 and a surplus accumulated thru closing of street improvement accounts of \$18,578.63.

Deposit of \$10,000 to the credit of the water works brings the total liquidation of the department this year to \$36,873.23. The department owes the sinking fund for the year 1923 the sum of \$38,514.20. The last payment was made in April and amounted to \$12,270.82.

Closing the accounts of improvement of the Ottawa river, the river bridge and the Metcalf bridge in April netted the sinking fund \$15,252.81.

Thursday's deposits represented surplus on improvement of about 15 streets, including Wayne, Wendall, Pierce and others, it is stated.

## FIRE CAPTAIN RESIGNS

Captain J. L. Gagin, of No. 3 fire station, has sent his resignation to Fire Chief John Mack from Detroit, where he has taken a new position. A successor will be named in the near future.

Two speeders were fined \$10 each when they admitted in criminal court that they had been speeding in their automobiles. They were L. A. Kuhn, Marion, and R. McKinney, 676 N. Jackson-st.

# DISEASE PERILS CAPTIVES

Situation in Chinese Bandit Camp Declared Appalling

## SOLDIERS ARE WITHDRAWING

Washington Awaiting Report from Diplomatic Corps

PEKIN — (United Press) — Foreign prisoners of the Shantung bandits are in grave danger of disease, due to the unsanitary conditions existing in their mountain fortress, according to reports brought out by messengers. A letter from Major Allen, one of the United States army officers held, said the sanitation was "appalling."

The white prisoners, he said, are mixed in with 100 Chinese captives who are not accustomed to cleanliness. Dysentery has already appeared among the Chinese.

Advices from Lin Cheng say that the government troops surrounding the bandits have been withdrawn five miles, which would permit the bandits to take their captives down into Temple Valley, a much cleaner place than the mountain top.

The bandits failed to carry out their threat to execute two prisoners Tuesday night, couriers said. As a result, the representatives of the powers and the Chinese government alike are convinced the bandits are bluffing when they make threats, are disposed to attempt rescue of the captive by force.

## U. S. WAITING

WASHINGTON — (Associated Press) — The state department today awaited advices from Minister Schurman which are expected to throw more light on the purpose of the diplomatic corps at Peking in appointing an international commission to investigate and report relative to the negotiations for the release of foreigners held captive by Chinese bandits.

The decision to send such a commission to Tsaochwang at his suggestion was reported by Minister Schurman late yesterday in the first advices received from him in nearly 48 hours. References were made by him to an unrecalled report previously sent to a meeting of the Peking diplomats Monday and this, when received, was expected to convey a more complete understanding of the purpose of the international commission plan.

# RAILS OPEN FIGHT AGAINST BLOC

Hit Back at Attempt to Lower Valuation of Property

CHICAGO — (United Press) — Railroad spokesmen today launched a fight to counteract the effect of the national conference called by the congressional "progressive bloc" to consider means of obtaining low railroad valuations and rates.

As leading senators, governors and representatives of the midwest progressive group, gathered in Chicago today for the meeting, railroad representatives sounded the "key-note" of the opposition.

Speakers presenting the railroad's position, address audiences tonight in widely scattered sections of the country. Samuel Dunn, editor of the Railway Age, is enroute to Pittsburgh for such a speech and H. E. Bryan, president of the Milwaukee road, who charges progressives are attempting to force government ownership, speaks in Miles City, Mont., tonight.

Two hundred advocates of lower valuations, including a dozen governors and as many senators will attend the national valuation conference, instigated by the congressional progressives tomorrow.

Plans will be considered for legislation to compel the interstate commerce commission to lower the \$18,900,000,000 valuation now placed on railroads and on which the 1-2 per cent guaranteed return is computed.

## PREACHER VINDICATED BY ASSEMBLY COMMITTEE

INDIANAPOLIS — The judiciary committee of the Presbyterian general assembly today submitted a report, vindicating Rev. T. J. Irwin, suspended by the Oklahoma Presbytery.

The controversy over Dr. Irwin started more than a year ago over the sermon he preached at the funeral of Jake Hamon, Oklahoma political leader.

Later the pastor was charged with conduct unbecoming a minister for performing a marriage ceremony in which the principals are clad in bathing suits. He was ordered reinstated.

## LIMA MEN WILL ATTEND RECEPTION FOR GOVERNOR

Several Lima political leaders will attend a reception to be given at 12 o'clock Friday by W. W. Durbin, Democratic state chairman, in honor of Governor A. V. Donahoe.

The Governor will be accompanied from Columbus by a number of other officials. Durbin will entertain the party at his private theatre, with a program of magical illusions.

## STATE GARAGE TO BE ERECTED IN DELPHOS

Officials from the State Highway Department were in Delphos Thursday to complete arrangements for the erection of a garage and tool house for state owned trucks along the banks of the Miami-Erie canal, between Third and Fourth-sts.

The building is to be constructed of steel and concrete and will be on state ground.

The rear of the building will be 40 feet along the canal bank and will extend out 60 feet toward Canal-st.

Trucks in use by the State Highway Department will be kept in the building as well as tools and other machinery belonging to the state.

## 25 OF 244 CATTLE SHOW SIGNS OF TUBERCULOSIS

Total of 25 of 244 head of cattle tested in Montrepy, north of Delphos, have shown signs of tuberculosis, according to Dr. P. A. Young, veterinarian.

Cattle found to be infected are tagged and branded and then shipped to Bureau of Animal Industry of Cleveland for inspection.

Dr. Young stated he had 129 more cattle to test in Montrepy, but this was the only township showing tuberculosis in cattle, as one was found in Washington-twp. past week, he said.

## TRACING AUTO DRIVER

Police Chief H. A. Kehres, Delphos has received information that the license number carried on the auto that struck Alphonse Von den Esche, Tuesday afternoon, one mile east of Delphos on the Lincoln Highway, was issued out of the office of the automobile club of Youngstown. Kehres has written there to ascertain the name of the driver.

# U. S. DEFENDED BY LADY ASTOR

Demands Britons Stop Poking Fun at Prohibition

LONDON—(Associated Press)—Lady Astor, American born member of the British aristocracy, appealed to the people of her adopted country to treat America fairly on the prohibition question and to cease making a joke of it, in a speech today at a luncheon given in honor of Dr. Nicholas Murray Butler, president of Columbia University.

It came as a surprise to the gathering, which had been served with rare wines from the cellars of one of London's centuries-old galleys, when in reply to a toast to Anglo-American relations, offered by Dr. Inge, dean of St. Paul's, Lady Astor arose and immediately launched into a fervid prohibition talk.

"It is very galling to have somebody always making fun," she said in her broad southern tones, "and it has got to stop."

If British relations with America were to be continued at their best, she continued, England must look kindly on the great experiment which the American people were conducting; for this, she said, was America's contribution to civilization just as the formation and administration of the British empire was Britain's contribution.

Tuesday evening the Ladies' branch of the Catholic Knights of America will hold a card party in their hall, N. Main-st. This will be for the members and their invited friends and will be for the benefit of the Delphos Public Library.

Thursday evening Miss Loretta Knepper, N. Moening-st, will open her home to the members of the W. W. A. club girls. A delightful time is being planned by the hostess.

## MUST BE LICENSED

New licenses must be secured—proprietors of pool rooms and bowling alleys affected by the new ordinance passed by the city commission by June, city officials state. The five arms ordinance goes into effect May 31, by which date all dealers handling and displaying fire arms must secure a new license.

## MANY QUIZZED IN WHITFIELD HUNT

Negroes Suspected of Knowing His Whereabouts Questioned

MILWAUKEE IS SCoured

Fugitive Is Now Believed Headed for Chicago

MILWAUKEE, Wis. — (Associated Press) — John Leonard Whitfield, sought as the slayer of Patrolman Dennis Griffin at Cleveland, promises to rival Gumbel and Tommy O'Connor of Chicago in elusiveness and in keeping the police of half a hundred cities and towns in this section on their toes.

Since early yesterday morning the man hunt for the mulatto, who escaped the bullets of Madison policemen Tuesday night in his flight, has centered in Milwaukee and last night several negroes suspected of knowing the whereabouts of the fugitive were brought to the central police station and questioned without result. The police here were also looking for an automobile stolen from Madison about the time Whitfield disappeared.

In the meantime, Lieutenant Charles O. Nevel of the Cleveland detective department visited Milwaukee and Racine and went on to Madison to join Assistant County Prosecutor Henry S. Williams of Cleveland in collecting such evidence as might be from Marie Price, 20, who was taken with Whitfield before his spectacular escape.

Milwaukee police admitted that no results had been obtained from the examination of several suspects but the belief prevailed that Whitfield had come to Milwaukee, presumably enroute to Chicago, where the Price girl said he would find refuge with friends.

Varying reports were coming from small towns in Wisconsin, but none definite enough to fix the identity of several light colored negroes suspected of being Whitfield.

Whitfield escaped from the Madison police after a restaurateur recognized him and telephoned for the officers. The Price girl was held. She says she soon will become a mother and that she regarded Whitfield as a Mexican until Waupun prison records identified him as a mulatto.

ESCAPE EASIER

CLEVELAND — (Associated Press) — Hope of capturing John L. Whitfield, under indictment here for the murder of Patrolman Dennis Griffin, grows hourly more vague in the opinion of Cleveland police officials. Having eluded the Madison, Wis., police, the fugitive is believed to have headed for Chicago in a stolen automobile.

With Marie Price, his companion, held in the Madison police station, and minus his blue roadster, which has been targets for searchers since his disappearance from here nearly two weeks ago, local authorities said today he has a better chance of remaining in seclusion.

Lieutenant Charles C. Nevel of

the Cleveland detective department, and Assistant County Prosecutor Henry J. Williams, have gone to Madison to aid in the search. Williams and a Madison detective went to Watertown, Wis., last night, on the belief that Whitfield took refuge in a friend's home. The officers were unable to find the house. Reports last night were that they had gone to a house on the outskirts of Madison on a report that the fugitive had been seen there.

## REAPPRAISAL TO BE MADE SOON

Work Already Started, County Auditor Phillips Says

Initial steps for reappraisal of all property in Lima have been already taken, County Auditor C. R. Phillips, announced Thursday.

A petition filed in March by Earl Runyan and other property owners has been verified and checked, Phillips said. It bears the names of 25 bonafide property owners.

A start on the appraisal has been made, and the actual work of placing a revaluation on all taxable realty in the city will commence as soon as possible.

Reappraisal, it is stated by realtors, will at least double the valuation of city property.

Property in the county, outside the city limits, will not be affected.

## FRIENDS NOTICED IMPROVEMENT

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Beloit, Wis. — "My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's

Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 93 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the Vegetable Compound." — Mrs. W. J. Monson, 1515 Park Ave., Beloit, Wis.

Mrs. Monson is willing to write to any woman suffering from such troubles.

## Does Gum-Dipping Improve Cord Tires?

Certainly! Because it lengthens the life of the inner tire structure. That is why Firestone Gum-Dipped Cords are practically proof against blowouts.

The process of immersing the cords in a fluid of fine rubber insulates each individual thread—reduces friction and heat to a marked degree—makes a more active, more responsive, easier riding tire—and ends permanently a long list of tire troubles.

The satisfaction of greater mileage that accompanies each purchase of Firestone Gum-Dipped Cords is amply demonstrated by the tremendous recent increase in sales.

In the past six months the public has shown its appreciation of these quality tires—with a demand 194% above that of the same period last year.

Combined with double gum-dipping are other special processes—air-bag cure—rubber blending and tempering—having definite and marked results in mileage.

Equip all four wheels of your car with Firestone Gum-Dipped Cords and Firestone Steam-Welded Tubes. Learn the meaning of MILEAGE as developed by Firestone.

## Twenty million proud users approve this gift

Eversharp and Wahl Pen will serve the graduate for life—will meet his every writing need, business and social.

The very weight of numbers suggests Eversharp. Only America's finest pencil could have twenty million users. And such popularity argues well for its reception as a graduation gift. Remember, Eversharp can't be copied. The rifled tip and the lead index are Eversharp features. One assures a firm lead free from slip or wobble; the other tells always the length of lead in the barrel. And Eversharp perfect balance suits the hand to a T.

Matching the beauty and accuracy of Eversharp is Wahl Pen—the greatest modern step forward in pen construction. It holds more ink, because the barrel is all metal. It cannot crack or break. The screw threads will not wear out.

Give both, matched in gold and silver. Buy them in the velvet-lined gift box. Eversharp, \$1 to \$10—Wahl Pen, \$1 to \$10. Solid gold at higher prices. Look for the name on each.

# FLO WILLING TO WED STILLMAN

Would Marry Banker to Win Name for Son

TELLS MORE OF HER PLANS

Gathers Additional Evidence in Preparation for Suit

(By FRANK GETTY)  
NEW YORK.—(United Press)—Two hundred letters written to Florence Leeds by James A. Stillman during the six years of their friendship will form the basis of legal action, if any is taken by the "other woman" of Stillman case fame against the banker who she says deserted her.

The letters, many couched in affectionate terms, have been guarded by Mrs. Leeds, not, she says, with any view of ever making use of them in suit against Stillman, but as the love missives of the man whose children she bore. "If I produce them now it will only be to prove that Mr. Stillman did promise to care for little Jay (her five-year-old son) to do the right thing by the boy and to bring him up in the way I wished," she said in a third exclusive interview with the United Press.

OTHER EVIDENCE  
Photographs of James A. Stillman with the baby that was christened Jay Ward Stillman, a will drawn up by the banker for Mrs. Leeds, a wedding ring he gave her and her intimate personal record of events since Jay was born, are additional evidence which she has taken from a safe deposit vault and placed in the hands of her attorneys, Mrs. Leeds said.

Meanwhile, with the question of

whether or not a suit against Stillman for the child is to be instituted, the question came up would Mrs. Leeds prefer, after all, that Stillman marry her in the event of his recurring his freedom.

Her head bowed, with her soft Auburn hair hiding the tears in her eyes, Mrs. Leeds admitted she would marry the banker.

"If he were free and wanted to marry me, I would marry him tomorrow," she said, adding quickly, "I would leave him immediately."

The purpose, she said, would be to secure a father's name for her boy. In their little home outside New York City, Florence Leeds, parents speak on this point with much more fire. Neither Mrs. Leeds' father nor her mother ever have been interviewed since the revelations of their daughter's difficulties. Both now told the United Press for the first time their views.

"I would sooner see my daughter in the fires of purgatory than married to Mr. Stillman," Mrs. Leeds' mother declared.

But the father, broad shouldered, fierce moustached, outspoken Irishman, said emphatically:

"If Mrs. Stillman ever puts that man in a position where he can marry my daughter, and he don't do so, I will horse whip him to within an inch of his life."

Taxes are always due. When it's not one tax, it's another.

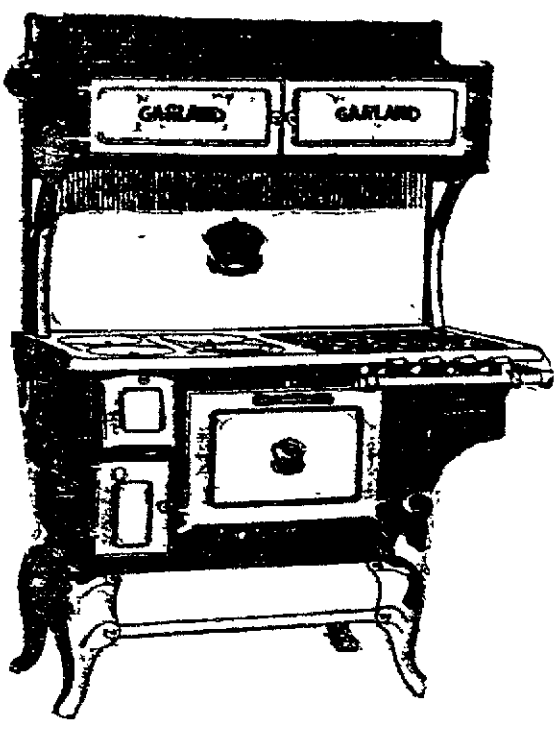

Such is the lament of delinquents who are calling at Treasurer Harry E. Botkin's office in the courthouse in droves to see about their back personal taxes. More than 1,000 notices were sent out May 1.

"Never knew I owed anything," is a common alibi.

Assessors' records for several years past are then consulted to show the taxpayer he once signed a return and owes the amount claimed.

## CABLE AND THE COURT

At least one of the 16 G. O. P. members of the Ohio delegation in congress has had the courage and the hardihood to declare himself as unreservedly opposed to the entry of America into the International Court of Justice proposed by President Warren G. Harding.

Unexpected tho it is, the position taken by Congressman John L. Cable of the Fourth Ohio district against the court plan is none the less decided. The Lima man points out as an inconsistency the proposal to involve America in the world court since the people of this nation decisively repudiated its companion-piece and adjunct, the League of Nations.

The court is part of the league. Cable declares he is unable to understand how America can reject one and embrace the other. The congressman's declaration is another blow at the Harding plan within the ranks of the adherents or his own party. Cable's friends and backers will be divided in their estimate of the results of his step in taking issue with the accredited leader of the party, the chief executive.

The Lima man has not gone into the ranks of the opponents of the Harding plan with his eyes closed. He has had ample time to analyze the situation carefully and deliberately. By his own admission, the more extended his summing up of the situation was made, the more determined he became to oppose America's entry into it.

He holds that the World Court, born of the League of Nations, nourished and sustained thru its treasury; its judges elected by and thru its council and assembly as the legal advisor of the league, a subsidiary of the league, every decision given since its existence in 1922 for and at the request of the league, even to the conditions of retiring pensions of the personnel of the court fixed by the league—how can the American people accept the one after having rejected the other?

Cable's facts in marshaling his evidence are well presented. With a lawyer's keen analysis, he points out inconsistency after inconsistency in the action of the head of his political party declaring now for the thing his party and a vast majority of the people of America so decisively refused to accept in 1920.

Once a member of the court, Cable holds, this country would be bound in all respects by the decisions of that body, to the extent as provided for in the article of the league establishing it. Cable has joined with United States Senator Hiram Johnson of California, Charles Landon Knight, former congressman from the Akron district and others as being opposed to the court plan of the executive.

How deeply would the United States be involved as a member of the court? That pointed question is put by Congressman Cable. We cannot agree to its use and then decline its service. Would the United States become "entangled" with Europe? Would participation in the world court constitute the "camel's nose under the tent of the League of Nations?" Once in, we cannot well get out with honor. These points are made by Cable.

The most potent argument brought out by our fellow citizen in his position against the court is the fact that a tribunal without force behind it will fail; that it is a thing impotent and ineffective. Cable sees clearly that rejection of the league and adoption of the court provision is a foolish proceeding.

He holds that no international court is needed for this country; that settling of disputes between nations is the province and the duty of diplomatic agents. It is far better for the representatives of disputing nations to sit around a conference table and adjust their differences between themselves, rather than sit as opposing nations before a court. In that sentence, as expressive of the thought of our congressman who has elected to oppose the court, he presents a succinct argument for the League of Nations.

The best way to prevent war, Cable points out, is the establishment in Europe of really free representative governments the abolition of secret conferences that masquerade as governments. He advocates open, plain dealing between governments rather than secret agreements and understandings between nations, kept secret from the knowledge and understanding of the people themselves.

View it from any angle one may desire, the fact is inescapable that acceptance of the world court and the rejection of the league provisions which sets up machinery to enforce the mandates of the court is an impossibility. They are one and inseparable.

The position taken by Cable may alienate him irretrievably from the leaders of the party in which he has made rapid progress, but he must be given credit for the exercise of the courage of his convictions. As an opponent of the court program of the president he is unafraid. He has taken the plunge and will stand or fall by his decision. History is again in the making on the League of Nations.

In the court, in the league! America must decide.

## THE FAT BABY

The essential causes of all obesity, that all too common disease of infants on the bottle and grownups who won't work but will eat, are two, which I have already given away—excess of nutriment and insufficient muscular or functional activity to oxidize the excess.

Fat folks who determine their own fates are themselves to blame for their obesity. He who will not or cannot work must not or should not eat a workman's ration.

This is simple, isn't it? But science always is, when you find out. Of course I am not overlooking the several exceptions. I apprehend that some folks are so crippled that they can't indulge in physical activity and others dodge exercise until they become practically crippled.

But even if one is genuinely crippled he needn't eat more than enough to maintain a moderately active individual of his height and age. I apprehend, too, that we inherit from our oldest ancestors an innate fear of starvation, and this instinct prompts us to take full advantage of all palatable nourishment that comes our way. Wherefore we grow and grow with a constantly increasing girth rate.

I doubt that babies properly fed by their mothers ever suffer seriously from obesity. It is the bottle baby that is likely to be badly nourished and to develop a form of obesity which sometimes wins a prize at a baby show but which any good doctor or for that matter the wise layman knows is abnormal and unhealthy fat.

It is the excess of sugars or starches in the substitutes for fresh milk, and not the amount of fat milk that accounts for this fatness. About 4-12 per cent of carbohydrate (sugar) is present in cow's milk. About 7 per cent is present in human milk. Various substitutes contain from 30 to 50 per cent of carbohydrate.

## "East Is West" to be Attraction at Faurot Next Week

WITH the conclusion of "Up in Mabel's Room" Saturday night, the Hawkins-Ball stock Co. will open their third week at the Faurot Opera House with the success of two continents, "East Is West," in which Miss Fay Bainter stars. In neither time nor money has been spared to make this one of the most pretentious stage productions local theatre goes have had the pleasure of seeing in years. "East Is West" tells the whimsical story of a little Chinese girl who is bought on a love boat, brought to America and falls in love with an American boy. The many humorous experiences she encounters before the completion of the story go to make up a most delightful comedy drama. The play is considered one of the greatest pieces of dramatic work the stage has ever offered and costumes and scenic investigation are magnificent. Seats are now selling for any performance.

## "The Christian" Opens Friday at the Lyric Theatre

GOLDWYN'S super-feature, "The Christian," adapted from Sir Hall Caine's most famous novel, directed by Maurice Tourneur, opens at the Lyric theatre. Tourneur is known as one of the most capable directors in the business and he has put every bit of his knowledge and technical skill into making "The Christian."

Director and principals were sent to England to make exteriors in London, at Cambridge, at the Derby at Epsom Downs and on the Isle of Man where the big thrilling climaxes of the story take place. The author gave his assistance to the director in obtaining the correct atmosphere and in getting the consent of the London officials to photograph the big movie scene in Trafalgar Square the first time such a permission had ever been granted.

The story of "The Christian," that of a man who renounces earthly love and tries to live as Christ would were he on earth, is dramatic and compelling and has been told in a series of dramatic pictures always filled with action and against a background of pictorial beauty.

The cast is a notable one: Richard Dix plays the lead and opposite him is Mae Busch. These two players were selected by a process of elimination from a list which included a score or more of the best known film players of the day. Others in the splendid supporting cast are Phyllis Haver, Gareth Hughes, Mahlon Hamilton, Joseph Bowler, Claude Gillingwater, Cyril Chadwick and many artists equally as prominent.

Cedric Gibbons, the art director, has outdone himself in some of the sets for the film and the photography is superb. The story is a thrilling emotional drama, realistically acted.

## That lovely gleam olive oil gives your hair

The soft gleam that makes hair beautiful comes from the olive oil shampoo, hair specialists say. Science has found that olive oil keeps hair soft and pliant. Then hair gleams. Olive oil in its simplest, most economical form for your shampoo, is PALMOLIVE SHAMPOO. It thoroughly cleans scalp and hair—removes dandruff—leaves hair most amazingly soft and silky. No dull dryness and brittleness. Get a bottle at any drug or department store. Use it. Note the improvement.

## "He Owns a Stutz"

It is no more than human that the Stutz owner glories a bit in the possession of a car whose mastery all concede. That rare distinction which is so peculiarly a Stutz heritage alone, has never been so exalted as now in the Stutz Six. Its lines are chic and debonair; its comportment reaffirms anew Stutz verve and vim.

The compliment, "He Owns a Stutz," bespeaks your standing among motor car owners, in a degree out of all proportion to the prudent price you pay for the highly economical Stutz Six.

**M**RS. W. R. MUNAUGH, S. Charles-st., extended the hospitality of her home, Wednesday afternoon, to a group of friends; guests having been invited for a bridge-tee. The rooms of the Munaugh home were made attractive with spring flowers and blossoms, with tables for bridge arranged in the living rooms of the house. At the conclusion of the card games, when Mrs. Clancy Northrup held high score, Mrs. Munaugh served a two-course tea, assisted by Mrs. R. L. Fletcher.

Guests at the affair yesterday afternoon were: Mrs. John Williams, Mrs. Leo Ennot, Mrs. Harry Pew, Mrs. Harvey Crider, Mrs. Carl Means, Mrs. George Eckert, Mrs. Harry Baldwin, Mrs. Clarence Miller, Mrs. E. J. Roberts, Mrs. Carl Bowdell, Mrs. J. L. Kelly, Mrs. Walter Noble, Mrs. Clayton, Misses Helen Craig and Izora Shumaker.

Mrs. Dwight McBeth and Mrs. William Knapp held high scores in the euchre games at the home of Mrs. Jacob Miller, N. Elizabeth-st., Wednesday afternoon, when the members of the Primrose club were entertained. Mrs. H. C. Doherty and Mrs. H. J. Bowditch were guests of the club members.

The club will meet in two weeks with Mrs. Porter Ramsey, N. Main-st.

Miss Elizabeth Welch will preside at an evening of bridge at her home on Lowell-st., Thursday evening, in compliance to Miss Helen McElmish, W. Wayne-st., who leaves on Saturday for a visit in Creston, Iowa. Five tables will be filled for the card games.

Those who have accepted Miss Welch's invitation for this evening are: Misses Helen and Dorothy Hunter, Geraldine Duffield, Louise Ackerman, Pauline and Katherine O'Connor, Margaret Graham, Gertrude Boose, Mary Margaret Bourke, Rosemary Christen, Bernice Rosenbaum, Esther Kridle, Beatrice Wagon, Lois Klingor, Pauline Calacab, May Stansbury, Genevieve Cullen, Mesdames Donald Baker, D. V. Hull, J. C. Nagelson, James Enck and the honored guest.

Members of the Cynosure club will be entertained at the home of Mrs. Eva Sherrick, E. High-st., Thursday evening.

Mrs. H. C. Robinson, W. Elm-st., opened her home to the members of the Comitas Five Hundred club at their final meeting of the year, Wednesday afternoon. Following the card games, when Mrs. C. E. Reilly and Mrs. Roy Coffman held high scores, the following officers were elected: Mrs. Tom Townsend, president; Mrs. L. M. Shroder, secretary and Mrs. J. E. Edmiston, press reporter. At five o'clock, Mrs. Robinson served a two-course luncheon, assisted by Mrs. C. K. Graham. Guests, other than the club members, were Mrs. Roy Coffman and Mrs. Graham.

Club members will resume their meeting the first week in September.

## SUSIE SMART'S ADVICE

Dear Miss Smart: I received the letter written by Y. H. H. to the effect that you are a young woman, the one who is engaged to the one man living here in town, and the other at Columbus.

The one living here in town, we invite to our home on Sunday whenever we are at home and the other, whenever we are at home on Saturday and stay with us until Sunday night at midnight. I really do think that this is the way a young girl or the girl's mother should treat the young man her daughter is engaged to, especially when he is liked. If this would not be done, I think the young man would feel hurt, at least I would of course my daughters also go to the young men's homes.

Dear Miss Smart: I would like to write to the person who writes for "Society News" but not knowing who it is I can not.

I have been asked in examinations to give a brief summary on all topics we have studied and I do not understand them at all. I would like to have you explain them to me. I would answer this promptly as my examinations start next week and I would not have time to write again.

The following are the topics I want to know about: Roman Law, Louisiana Conference, Near East Situation, Chesapeake Bay, Payment of Duties and World Court.

**HIGH SCHOOL TALK.** Although I know you are busy at this time, you have more time for those things than I. Remember, it is you, yourself, who is to be benefited by answering the questions in examination (I have already graduated). Ask your teacher any questions you may have; she would be glad to answer them for you, especially as you are probably reviewing at this time. Then, too, if you look these questions up yourself, you will remember them much better than if someone else looks them up for you and you memorize what they tell you.

Dear Miss Smart: I should like a little information if you will please give me. I will be the 5th grade at school and I should like to take a commercial course in high school next year. I would like to know if I can take it in high school and then a course in Business College or would you go to the high school? I do not want to take the high school course if I can help it. I am 16 years old. Do you think I am too young to go with the boys? My mother does not prove but my father does not care, do not go anywhere, only when my brother or my girl friend goes. Do you think my parents are too strict? How is my writing?

By all means, finish your high school course if possible. If you intend to work, when you are thru school, take the commercial course next year in school and continue with it. Unless it is absolutely necessary, do not stop your high school work until you have graduated. The commercial courses in the high schools are very good ones and there is no reason why you should go elsewhere.

No, I do not think your parents too strict. They know best, as to whether you should have dates or stay out late. When you are a little older, they will not object to your going out with boys.

Your writing is very good.

Mrs. Frank Mitchell held high score in the afternoon's bridge games at the home of Mrs. M. A. Wagner, S. Charles-st., Wednesday afternoon. Among the guests, Mrs. Roy Gregg held high score.

The club will meet in two weeks with Mrs. George Vail, S. Cole-st.

Mrs. M. H. Lynch is chairman of the committee in charge of the benefit card party and dance to be given at St. John's hall, S. Main-st., Thursday evening. The affair, given for the benefit of the new church fund, is being held under the auspices of the Ladies' Catholic Benevolent association No. 994.

**INJURED BY SAW.** H. D. Spees, 21, Wapakoneta, was injured Thursday morning when a large saw at which he was working at the Garford Motor Truck Co. cut a deep gash in his side.

The injury is not considered serious, it is stated. Spees was removed to St. Rita's hospital and later taken to his home.

Mrs. Ray Evans, Brice-av., entertained the members of the Stitch-a-Way club at her home, Wednesday afternoon. Needlework proved to be the afternoon's pastime and at four o'clock, the hostess served a two-course tea. Guests of Mrs. Evans, other than the club members, were: Mrs. Vernon Evans, Mrs. Weldon Evans and J. C. Gale McGinnis.

The club will meet in two weeks with Mrs. Edward Wise, College-av.

Guests, other than the club members, of Miss Garretson and Mr. Winfree, were Mr. and Mrs. Carl Jansen, Mr. and Mrs. Leonard Walters, Mr. and Mrs. H. D. Bryant, T. B. Holland and the honor guest.

Members of the Epworth League of the Second Street Methodist church are in charge of a musicale to be given at the church, Friday evening. The public is invited.

In compliment to Mrs. Thomas Howick, of Providence, R. I., Miss Flora Garretson and D. E. Winfree entertained the members of the Redoubt Bridge club and a group of guests at the Elks' home, Monday evening. At the conclusion of the bridge games, Mr. and Mrs. W. S. Siferd held high score among the club members and Mr. and Mrs. Leonard Walters were high among the guests. A two-course luncheon was served following the card games.

Mrs. C. R. Gowan, Linden-st., welcomed the members of the Merry Mothers' club at her home, Tuesday afternoon. In the contests held during the afternoon, Mrs. L. S. Shane was successful and Mrs. John Higgins was consoled. After an enjoyable afternoon of needlework and music, Mrs. Gowan served a two-course tea, assisted by Mrs. R. H. Hill, an only guest.

The club will be entertained on June 6th, by Mrs. L. S. Shane, S. Broadway.

Mrs. Herman Kumbert, S. Mel-cast-st., was hostess to the members of the Mother's club at her home, Wednesday afternoon. During an afternoon of social chat and needlework, a contest was held in which Mrs. Floyd Mack was the successful one. A two-course luncheon was served by the hostess at 4:30 o'clock.

The club will meet in two weeks with Mrs. Marion Hyne, 493 Fairview-av.

Miss Esther Franck, 416 1-2 S. Elizabeth-st., welcomed a group of young friends to her home, Wednesday afternoon, in celebration of her tenth birthday anniversary. The children enjoyed themselves with games and contests and late in the afternoon, Mrs. Franck, mother of the hostess, served a luncheon, assisted by Mrs. S. H. Porter.

Little Miss Franck's guests were: Pauline Schneider, Helen Armstrong, Evelyn Porter, Betty Schneider, Coyita Armstrong, Orval Porter and Roger Andrews.

Mrs. W. E. Crayton gave a very interesting report of the outstanding features of the national convention of the League of Women Voters held recently at Des Moines, at the monthly meeting of the League of Women Voters held at Public Library, Tuesday evening. A report of the state convention held in Columbus last week was given by Mrs. Kent Hughes. Mrs. Gibson Dill-dine, president, presided during the routine business of the evening.

Mr. and Mrs. Warren Turner, (nee Eleanor Spyker), have returned from their wedding trip, thru the southern part of Ohio and Kentucky, and are at the home of the bride's parents, Mr. and Mrs. Joel Spyker, Lincoln-av.

The Barr hotel on Thursday was the scene of the annual guest day party given by the members of the Hereaux Tempus club. The luncheon tables were attractive, orange and green being the predominant colors in the decorations. Each table was centered with an orange candle in a crystal holder, surrounded by green foliage. Following the luncheon, seven tables were arranged for the bridge games.

Guests at the affair, other than the members of the club were: Mesdames Guy Copus, Walter De-Weese, Thomas Cook, Glen Crow, A. E. Gale, L. M. Shroder, Simon Fishel, J. W. McCallum, George Burgoon, J. W. Diamond, J. H. Anderson and Miss Vornholt of New Bremen.

Misses Verna Davidson and Ruth Reed presided at a dinner at the Barr hotel, Wednesday evening, complimenting Miss Clara Ellen Brendle, who will marry W. H. Bogaunwright of Columbus, June 9. Suspended from the chandelier were blue birds, bearing the date of the approaching marriage. After the dinner, guests were invited to the home of Miss Reed, W. High-st., where they enjoyed an evening of needlework and chat.

Guests were Miss Brendle, Miss Catherine Chivington, Miss Joyce Platner, Gertrude Lavers, Mrs. C. A. Lellich of Delphos and Mrs. E. A. Youcum.

## AT LAST A "SEEING PHONE"

The weakness of this "seeing phone" is that the user sees herself and not the party at other end of the line. It's the latest fad in San Francisco society. Miss Thama Speed is shown using a combination portable vanity case and telephone. Miss Speed says the new invention saves time, as one may now "make up" while making a date.

## 57 ARE GRADUATED FROM BLUFFTON HIGH SCHOOL

Fifty-seven members of the senior class at Bluffton High school were given their diplomas Wednesday evening at graduation services. This was the largest class in the history of the school.

Members of the class were: Helen Intzl, Myrtle Berry, Carrie De Witt, Ethel Basinger, Hiram L. Gratz, Eli Garmanier, Lillian L. Matter, H. Kent Hauenstein, Forest B. ## LAST DINNER MEETING BY Y'S MEN'S CLUB, FRIDAY

Members of the Y's Men's club, Y. M. C. A. dormitory organization, will hold the last dinner meeting of the season Friday evening at 6:30 at the "Y" dining hall. The program as arranged consists of music by jazz artists and a Y's Men's Sing, using new song books just received. Plans will be made for a series of picnics during the summer months.

## Says There Is No Better Remedy For Kidney Troubles

Than Dr. Carey's Marshroot Prescription No. 777—Guaranteed.

Cincinnati, Ohio, July 25, 1920.—After having been relieved of kidney troubles of several years standing by Dr. Carey's Marshroot prescription No. 777, am exceedingly grateful and loud in its praise—have recommended it to several fellow-workers who were also benefited beyond their belief by its use. It is my candid opinion that there is no better remedy than Dr. Carey's Marshroot.

August 3rd I received your letter asking permission to reproduce my letter to you (as above). If it will in any way help people to realize the true merits of Dr. Carey's Marshroot prescription, you are at liberty to do so. I know that it cured me. I suffered great pain for several years and am certainly grateful and feel confident that people who have kidney troubles will use it long enough to give it a fair test, there will be more grateful ones added to the list.—John E. Douglas, 103 W. Court St., Cincinnati, O.

**IMPORTANT.**—Marshroot Prescription No. 777 is Dr. Daniel C. Carey's own formula. It is not a patent medicine and was originally sold through drug stores to accommodate his patients. You can always get this effective prescription at Hunter's drug stores, and reliable pharmacists the country over.—Adv.

Reds lost again. Got knocked off the road by Dodgers. That's three in a row from the Brooklyn men. And they called Brooklyn the National League scrapheap. Maybe Uncle Wilbert isn't as poor as he pretends to be.

AMERICAN professional golf players—Gene Sarazen, Walter Hagen and Charles Hoffer—are practicing daily on the Troon, Scotland, links, which will be used for play in the coming opening championship. All of the players are showing class in their work.

ILLINOIS GIANTS knocked off the Chicago Cubs, 15 to 1, in a baseball game.

A SPECIAL train will carry fight fans from Milwaukee and vicinity to Chicago to witness the coming Mitchell-Leonard fight.

ANYWAY in that News-Police ball game there weren't 23 runs scored by one team. But maybe it was because neither team had any players able to keep running that long.

LEIS FIRPO has finally come to terms with Tex Rickard for the fight with Jess Willard July 7 in New York, with the understanding that the winner will be matched with Jack Dempsey.

JOE MCGINITY, 54, the "Iron man" of yesterday, turned kid once more Wednesday and hurled a no-run, three-hit game for Dubuque against Marshalltown, winning 1 to 0. This was in the new Mississippi Valley league.

FOURTEEN Stanford university boxers will be sent to Australia next year to compete with university fighters there, it has been announced. Two men for each of the seven weights will make up the team.

CHICAGO track and field men met the athletes from Northwestern at Evanston Thursday in the final dual meet of the conference season.

ILLINOIS baseball players were in Ann Arbor Thursday to battle the leading Michigan university nine. The Wolverines haven't lost a game, so far. This was to be Illinois last chance to get close to the title. On Friday, Northwestern meets Ohio State, Chicago plays Wisconsin and Purdue tackles Indiana.

WALTER KOPITSCH, Buffalo, N. Y., has been selected captain of the Columbia university track team for next year. He is also captain of football team, having been re-elected after the finish of the season last fall.

LARRY GILBERT, manager of the Orleans club, has returned. First baseman Clinton to Cleveland and has given Fred "Spoke" Henry his job. Henry was returned to the Southern association club by Boston Braves.

HILLSDALE COLLEGE IN VICTORY OVER ALBION  
HILLSDALE, Mich. Hillsdale college won from Albion in a baseball game here, 12 to 2. Local players did some heavy hitting. Hicks hit the first ball pitched for a home run and made three other bingles in four times to the plate.

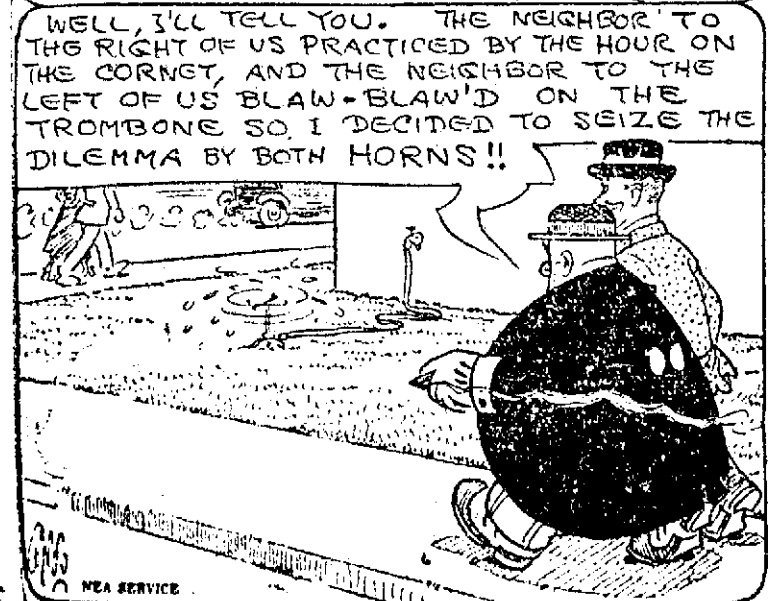

## DETAILS OF PURCHASE OF RED SOX PLANNED

COLUMBUS, O.—Concluding negotiations for the purchase of the Boston American League baseball club by Columbus capitalists may take place at some eastern point, possibly New York, it was intimated here Thursday.

According to available information all details were worked out at a recent conference in Chicago and the deal is merely awaiting final consummation. The purchase price involving approximately \$1,250,000 is said to have been agreed to. Possession of the team would remain with the present owners until the close of the present season.

# BROWN WINS LIMA HANDBALL CHAMPIONSHIP

## J. Nagelson Loses In Finals

L. C. Brown won the city handball tournament at the Y. M. C. A., Wednesday evening by defeating J. C. Nagelson in two straight games. This victory gives Brown the championship of Lima for the coming year.

His defeat of Nagelson was accomplished by 21-15 and 21-16 scores. Both games were fast and well played but the victor was easily the aggressor and he had the advantage at all times.

The winner will be presented a silver medal which bears the Y. M. C. A. emblem, a picture of a handball match and it will be engraved with the winner's name and the tournament date.

OTHER AWARDS  
This medal will be presented at the same time awards to the medalists in the national hexathlon and winners in the junior city tournament are given their awards. This will probably be after a banquet during the next week.

Progress of the tournament was as follows:

Nagelson won from William Chew, 21-15; 21-16.  
William Settle beat W. Greenland, 11-21; 21-15; 21-16.  
Dewese beat Settle, 21-19; 21-20.  
G. Bayly beat Dewese, 13-21; 21-18; 22-20.  
Brown beat Bayly, 17-21; 21-19; 21-17.

Then the final game between Brown and Nagelson.

## Lima Boys To Hi-Y Camp

Plans have been completed for the sending of four local representatives of the two Hi-Y clubs to the state conference at Camp Nelson Dodd, at Brinkhaven, O., August 20 to 26.

This is a state Hi-Y training camp in which plans and programs for the coming year are discussed and regular courses of Bible and leadership study are taken up. Each afternoon is devoted to recreation and athletics.

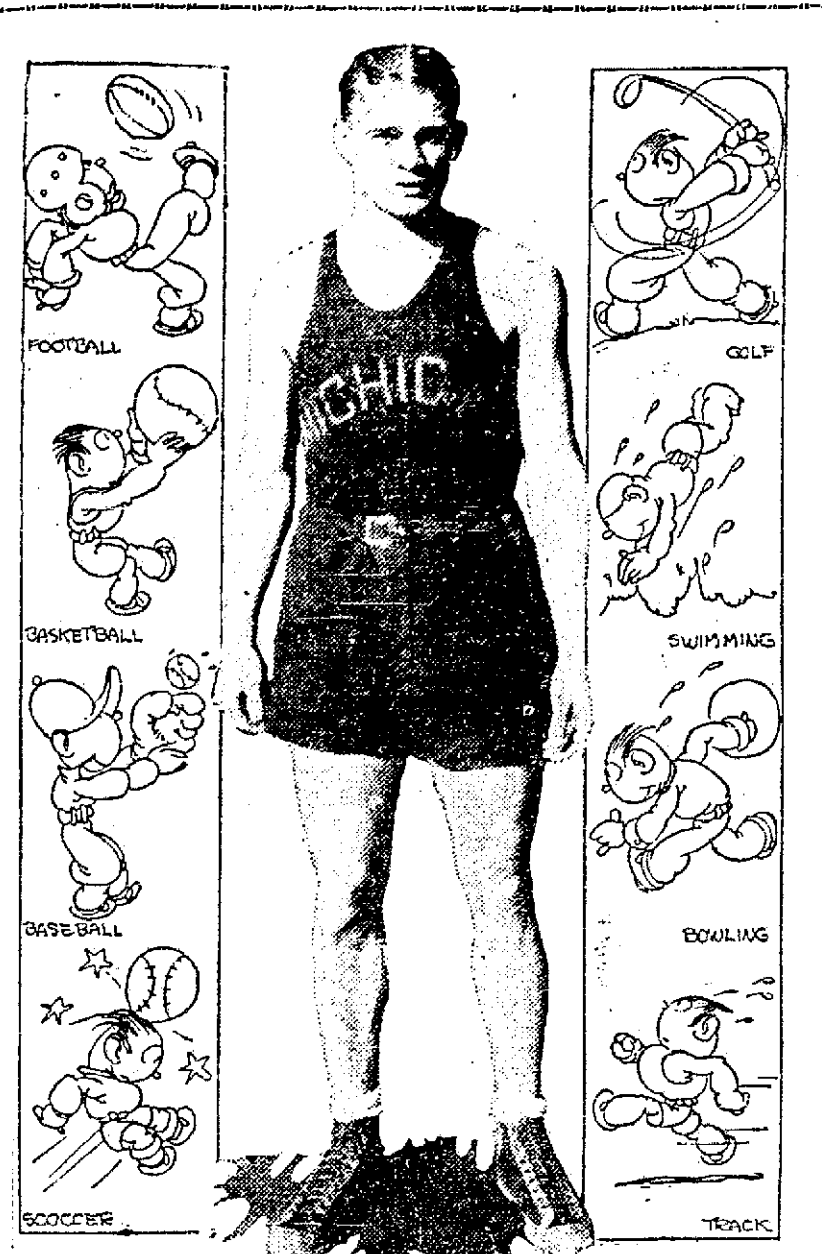

Central Hi-Y will be represented by Robert King, newly elected president and Ray Atkins, recently elected vice president. Other representatives will be Chester Biddle, new president, and Theodore Kalfiz, vice president.

Other officers just elected are Gerald McKenzie and Wesley Jones, Central secretary and treasurer, respectively, and Henry Apple, South secretary.

## PLAYER DIES FROM BEING HIT BY A PITCHED BALL

DETROIT—Joe Lann, 26, shortstop of a city league baseball team, died early today after being hit by a pitched ball in a league game yesterday afternoon.

## Wolverine Star Is Jack of All Trades

HARRY KIPKE

ANN ARBOR, Mich.—Making nine letters in three years is a regular job for a man of college athlete.

But that's what Harry Kipke, Wolverine grid star, will have done before he graduates next year, having injuries or other unforeseen eventualities.

And Harry, who is working his way thru school, finds time to write for the newspapers and get good marks on his report cards, too. A more versatile sportsman perhaps has never cast his lot with Michigan's teams.

It's his football achievements, of course, which have been heralded the widest. Walter camp thought enough of him to give him a berth on his 1922 All-American eleven.

The coveted "M" has been awarded him in baseball and basketball.

As well as football, in both his sophomore and junior years. If time permitted, he no doubt would knock off at least one more initial in a major sport.

That would be in track. He is one of the speediest runners warming the boards of Waterman gymnasium.

In intramural athletics, he goes in for tennis, speedball, soccer, handball, bowling and swimming. Then he's pretty handy with the mits. One night he wrought such havoc with his opponent in a fraternity boxing bout that masters of ceremonies decided to bar him from further participation in such sociable little tilts.

During vacation, when he isn't kicking a football or knocking out high ones, he spends his spare moments on the golf links, making the course in close to par.

## Williams Ahead Of Ruth's Mark

NEW YORK — Cy Williams, sensational home run hitter of the Philadelphia Nationals, will eclipse Babe Ruth's all-time record of 59 circuit clouts, set in 1921, if the Quaker slugger maintains his present pace.

Williams yesterday laced out his 16th homer, close to two weeks ahead of Ruth's schedule in 1921, when the Yankee clouter hit his 16th on June 3.

Ruth at this stage of the 1921 season had collected an even dozen homers, so that Williams now has an advantage of four.

Ruth now has but eight homers to his credit.

## Dodgers In Win Over Reds

In the main the east had all the best of it during the two baseball invasions that ended yesterday. American League teams from the east won the majority of their western contests, while the eastern Nationals, battling on their home grounds, sent the western invaders back with more losses than victories to their credit.

While the Giants were making a clean sweep of the St. Louis series, 4 to 1, Brooklyn climbed over Chicago into fourth place by downing the Reds, 7 to 1. Boston helped precipitate the Cubs by beating them, 6 to 4 and the Pirates continued their joy ride in Philadelphia, again beating the Phillies, 7 to 6.

The trips of the western National League clubs have disclosed an almost unbeatable team in the New York Giants. The Giants meet Philadelphia today.

Thursday the Cardinals met the Pirates in Pittsburgh in a battle for second place which is bound to help the Giants.

## Support Is Poor; Sox Win

CLEVELAND — The Red Sox were held to nine hits while the Indians were gathering 13, but Shaute of the local club was given poor support and the visitors won, 8 to 6.

Murray was driven from the box in the fourth but Quinn, who replaced him, had the Clevelanders well in hand at all times.

Jamieson got a brace of hits and two runs in five times at the plate. Flagstead made three hits out of three trips, scoring one run.

E. J. Ulrich, formerly of Tiffin, writes home about the burglary of his new home at Glendale, Cal. The burglar made off with a pair of patent leather shoes and a large bottle of perfume. It is supposed that the burglar plans to become a movie actor.

Earl Rohn of the Old National bank, brought a securely wrapped alarm clock to work. There was a line at his window when the alarm went off. He couldn't get the clock out to stop it. Some seemed amused at his discomfiture, and one asked, "Don't you find it monotonous? And why don't you get one that plays a tune instead?"

Dr. W. J. Kelly gave a dinner

to fellow sportsmen. Moose and other came was served. This was at Dublin Hill. "The report that a moose was served whole isn't quite correct," says one of the guests. "We had moose. But it was a goose that was cooked whole."

Clarence Betz, tinner, bought a used flyover. It stuck in the mud south of Canton. He hired a farmer to pull him out. The farmer seemed to think he was hired as an entertainer, complains Betz. You say you're a tinner," remarked the farmer, "Did you make this automobile yourself?"

Charley Diamond overheard a girl in the Public Library inquiring earnestly for Fritz Kreisler's Cousin Carrie. She had the name of the author and book almost right. The librarian brought her what she wanted. It was Theodore Dreiser's "Sister Carrie."

Charley Maxwell, who runs a gym, engaged a promising young boxer from a small town in Ohio and wired him to come on and bring his fighting shoes and trunks. The youthful fighter didn't quite understand the trunks part of it. Instead of the garment known by that name, he brought a traveling trunk.

HERE IN LIMA

Are you tired out, run-down and simply have to drag yourself around? Are your little ones pale, delicate or lacking in strength and vigor? Unfortunately this is only too true in many homes of our city. To those who are weary and fagged out, we bring a message of comfort. We have secured the agency for ORIGINAL VINOL—a splendid medicine for just such cases. Why? Because we have faith in it, because outside of mere business we believe we can do a great deal of good here in our city. We recommend ORIGINAL VINOL because we know what it contains—the formula is on every bottle. You know what you are taking. And to prove our faith we will cheerfully refund your money if you are not satisfied that ORIGINAL VINOL has helped you. We believe that it will help bring health and strength to many tired mothers and fathers and to the little ones as well. We hope that this message will be of help to many families in our city.

**DOWN** among the hills of Fairfield County, Ohio, lies the little city of Lancaster. And in this city is located the plant that produces Lancaster Cord and Fabric Tires.

The motoring world hasn't "beaten a path to the door" of this home of better tires. Nor was any such merchandising miracle hoped for. The makers of Lancasters realized that good tires were not a rarity.

Therefore they "graded their own" highways of distribution. Believing that the Lancaster Line offered the motorist more for his money, they started "to tell the world" about the superior quality of their products.

**They told us.** And their story—their samples—their performance-records carried conviction. **Now we know that Lancasters do wear longer.** We know they are the best tires for us to sell—because they are the safest tire investment you can make.
